

PLAN FREE INSURANCE FOR SERVICE MEN

WASHINGTON, April 29 (By the Associated Press).—Republican members of the house ways and means committee virtually decided yesterday to include in their soldier relief legislation a plan of paid-up insurance, its value to increase annually by compound interest, and on which loans

could be obtained from any postoffice. With this addition, ex-service men might elect any one of the five following plans included in the republican program:

A cash bonus of \$1.25 a day for each day of service; aid in buying city homes; aid in their education or the insurance. To popularize the last four plans, the republicans propose to allow \$1.75 a day for each day of service instead of the \$1.25 cash bonus as the basis for computing farm and home aid, loans and the amount of financial aid each man might receive in the form of educational training.

The insurance plan as such was said

by committeemen to be a "misnomer," but they declared it was the "most attractive of any of the five plans." The average period of service for world war veterans was 408 days, they said, explaining that under the insurance plan the average veteran could receive a paid-up insurance policy of \$1857, payable to him in cash at the end of 20 years, or immediately to his heirs in event of his death.

The loan value of the insurance—denoted in the legislation as "adjusted service certificates"—would not accrue until the end of the third year the plan had been in force and at that time an ex-service man, with a record of 480

days' service, would be entitled to a loan of \$651.

This would be the cash value of his "certificate" at that time at 5 per cent interest compounded annually.

Similarly, the veteran of 160 days would be entitled to paid-up, 20-year endowment insurance of \$461, with a cash-surrender, or loan value of \$137 in three years; the 200-day veteran to insurance of \$228, with a loan value of \$775; the 300-day veteran to insurance of \$1392, with a loan value of \$413, and the 500-day veteran to insurance of \$2321, with a loan value of \$683.

This plan, if adopted universally by

the world war veterans, would cost the government far more than the cash bonus of \$1.25 a day, committeemen said. Estimating that 3,500,000 ex-service persons will be affected by the bill, committeemen declared that the ultimate cost of the insurance plan, if adopted at all, would be approximately \$6,000,000,000. The cash bonus, it was estimated, would cost \$1,807,000,000, if accepted at all.

mock republican national convention will be held by Yale undergraduates on the evening of May 12, to familiarize the student body with the political organization and mechanism of such gatherings.

A "national committee" has been named to arrange details.

The call will go out today, the business specified being that of choosing by republicans in Yale of a candidate for the presidency of the United States. Caucuses for delegates will be held soon, each department and dormitory to name delegates in proportion to its population.

CREPE CHIFFON AFTERNOON

DRESS WITH GIRLIE HAS

HAREN HEM

BY CORA MOORE

New York's Fashion Authority

NEW YORK, April 29.—Entire dress-ess of georgette or chiffon cloth are extremely popular for afternoon or restaurant wear. Almost invariably they are of one color with a girly or sash to give the accent.

Virginia Harned, in "The Famous Mrs. Fair," wears a brown crepe chiffon over cream colored satin, which illustrates this mode. The skirt is caught up at the foot, harem-wise, and the bodice is draped low over a corset-let of chiffon and lace. It is cut kimono fashion, the back, including the back of the sleeves, being carried right on down to form the skirt.

VLADIVOSTOK DESERTED

Was Formerly One of Most Important Shipping Centers in Far East

SEATTLE, Wash., April 29.—Vladivostok, in former years one of the most important shipping centers in the Far East is as quiet as a deserted village, according to advices received today by the Pacific Steamship company, from its Vladivostok agent. All overseas steamship companies have withdrawn their vessels, he said, and only a line of Japanese tramp coasters now stop there.

These conditions are a result of the reign of the Russian "reds" who have taken over the stevedoring in Vladivostok, advanced rates to a prohibitive point, and issued an edict making it unlawful to export raw materials or selling goods to foreigners, the report said. The National City Bank of New York has closed its Vladivostok branch, leaving one foreign bank in the city in addition to the permanently established Russian banks, according to the agent.

Only three vessels, except the coasting ships of the Japanese line, have arrived in Vladivostok since Jan. 1, the agent noted.

\$2,000,000 GIFT

Contribution to New World Movement of Baptists

NEW YORK, April 29.—An outright gift of \$2,000,000 and conditional pledges of an additional \$2,000,000 from the Laura Spellman Rockefeller Memorial fund to the \$100,000,000 fund, being raised by the New World movement of Northern Baptists, were announced here today. Added to the personal contributions announced last night from John D. Rockefeller, Jr., the Baptists have received gifts and pledges in the last two days totalling \$6,000,000 from the Rockefeller family.

Of the Laura Spellman Rockefeller pledges \$1,000,000 is conditional upon the raising of \$62,500,000 by the Baptists, and a second million is conditional upon the fund's reaching \$57,500,000.

EXILE OR TRIAL IS HIS CHOICE

GUATEMALA, April 28.—Estrada Cabrera, deposed president of the republic of Guatemala, has been given the alternative by the national assembly of standing trial for crimes said to have been committed by him, or of leaving the country forever. Safety for himself and family is guaranteed if he leaves, but thus far Cabrera declines to flee. As a result, he is virtually a prisoner of the revolutionists. He was president for 22 years.

CONGREGATIONALISTS HOLD MEETING

The Andover Association of Congregational Churches and Ministers met this afternoon at the First Congregational church in Merrimack street. The meeting was one of the two customary yearly meetings at which matters dealing with the common interest of the Congregational churches in the association were discussed, and plans proposed for the activities of the ensuing year. Consideration of the work of the churches, social activities and possibilities, and the work for the young people of the various congregations was brought before the meeting. Rev. C. J. Hawkins, pastor of the First Congregational church, was host to the conference, fully 250 in number.

Rev. J. L. Keedy of North Andover was the moderator. Mr. Donald Cameron, of Lowell, was alternate. Rev. A. H. Fuller, of Balaclava is secretary and treasurer, and Rev. A. G. Lyon, of this city, is statistical secretary.

The afternoon program was as follows: Devotional service conducted by Rev. C. H. Johnson of Tyngsboro; business; records of last meeting; reports of treasurer and auditor; statistical secretary. The reports of the various committees was made by Rev. A. T. McWhorter of Lawrence on the work of the churches; by Rev. H. G. Mank of Lawrence on the advisory board; by Rev. Newman Matthews of Andover on the ministerial standing; by Rev. A. G. Lyon, of Lowell, on the work for young people; by Rev. C. J. Hawkins, of Lowell, on the social survey. An address on the Inter-Church World movement was made by Rev. H. C. Hannum, secretary, Boston, and another by Rev. W. W. Leete, D.D., secretary, Boston, on the Congregational World movement. Pastors of the different churches made reports on the Easter gatherings. Each church was entitled to five delegates besides the pastor and the superintendent of the Sunday school. All members of the churches were invited to be present and to participate in the exercises. At 6 o'clock supper was served by the ladies of the First Congregational church.

The program for the evening is as follows: Devotional service at 7 o'clock conducted by Rev. A. S. Wheelock, of Andover, and an address by Rev. C. H. Patton, D.D., secretary, A.R.C.F.M., of Boston on "The Rising Tide of Christianity in the Far East."

The committee on arrangement is as follows: Fidelity J. Cage, deacon with duties expiring this month; Rev. Newman Matthews, Andover, duties expiring April, 1921; Rev. Herbert G. Mank, Lawrence, duties expiring April, 1922; Rev. E. C. Bartlett, Dracut, duties expiring April, 1923, and the secretary, ex-officio.

Thinness Easily Overcome

(From "Health and Beauty.")

Further evidence is being presented almost daily that a recent compound of new chemical elements combined in a tablet with hypophosphites is in reality proving a blessing to the abnormally thin men and women, for it can be demonstrated beyond doubt that a regular course of three or four months' treatment brings an increase in weight of from 10 to 30 pounds, with a decided improvement of health and color, too. For self administration the most popular form is to be found in three grain hypo-nuclease tablets, obtainable in sealed packages from the best apothecary shops, with full directions.

States attorney for New Jersey, who was present when Mr. Ames made his announcement, said the New Jersey federal grand jury is in session and ready to take immediate action.

Mr. Ames said he was convinced that neither the brotherhood of railroad employes nor the American Federation of Labor had been involved in the strike.

"The outlaw railroad strike situation seems to be improving steadily," Mr. Ames said, "and I do not think requires attention further than possible punishment for the violation of law."

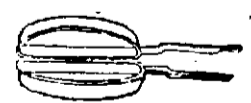

Mr. Ames investigated the strike of coastwise longshoremen and of harbor workers, and the charge of certain commercial interests that there is a combination of truckmen and fish handlers to boycott fish caught and consigned by non-union fishermen. Conferences with the commercial interests affected by the various strikes and with representatives of the strike-

ers and their employers, were held by Mr. Ames.

What women are saying about the new way to wash clothes—

Read how they've found that dish towels, aprons, sheets, dirty little rompers are easy to wash—if you do them this new way

I NEVER thought I'd see the day when washing clothes would be so easy!"—

"It is simply amazing how the dirt falls out of the clothes!"—

"Perfectly marvelous!"—

This is what women everywhere said when we called upon them to find out how they liked this new way of washing!

But read their own statements on this very page.

Then try this wonderful new way yourself. Find out how easy this dreaded household task becomes—see how soon you have your clothes flying on the line—out of the way for another week!

No hard rubbing! No boiling!

And the Rinso method is so simple. You just soak the clothes overnight or for three hours in the morning, then rinse them out until the water runs clear. No boiling is necessary—no hard rubbing on the washboard. Even

collar and cuff edges and hems need only a little rubbing between your hands.

Rinso is the new form of soap for the family washing. It comes in fine granules so rich in pure soap that they "jell" when dissolved. Rinso has no harsh, gritty substances, no hurtful cleansing agents to injure the clothes. It is so mild and pure that your clothes are as safe as with just water.

While the clothes soak, Rinso loosens all the dirt so that when you rinse them, the dirt fairly drops out of the fabric, leaving every piece spotless!

Use Rinso yourself this next Monday

Get a package of Rinso today from your grocer and follow the easy directions on the package. Try it on the most soiled pieces you have. See if these women have been too enthusiastic. See if you don't find Rinso as wonderful for your weekly washing as you have found Lux for your fine things. Lever Bros. Co., Cambridge, Mass. (Makers of Lux).

You will find Rinso wonderful for washing all these

Aprons	Bath towels	Middy blouses	Plain table linen
House dresses	Face towels	Cotton petticoats	Sheets
Children's play clothes	Dish towels	Wash skirts	Pillow cases
Plain undershirts	Washcloths	Men's shirts	Heavy bedspreads
Knit underwear	Handkerchiefs	Pajamas	Furniture covers
Cotton stockings	Corsets	Overalls	Bath mats

Clean and white by 9 a. m.

"I have just used Rinso on my regular week's washing, including undergarments, sheets, tablecloths, towels, dresses, and some colored things. I am delighted—this is the cleanest wash that ever came off my lines." Mary Terry, New York.

No rubbing—last twice as long

"My ordinary table linens came out beautifully. I soaked them overnight with Rinso, rinsed them in the morning, and was surprised to see how beautifully white they were. I did not have to rub them at all." Mrs. S. R. Finn, Cambridge, Mass.

No trouble now to do children's clothes

"Rinso means a lot to me, as I have four children. I do not have to boil the clothes now. I only rub very soiled spots lightly." Mrs. J. C. Rhodes, Montague, Mass.

Plenty of clean aprons on hand

"My maid washes uniforms and white aprons with Rinso—soaks them three hours and the dirt seems to roll right out! It certainly is wonderful how clean Rinso makes the clothes!" Mrs. L. Hedman, Boston, Mass.

Nothing too big to wash at home

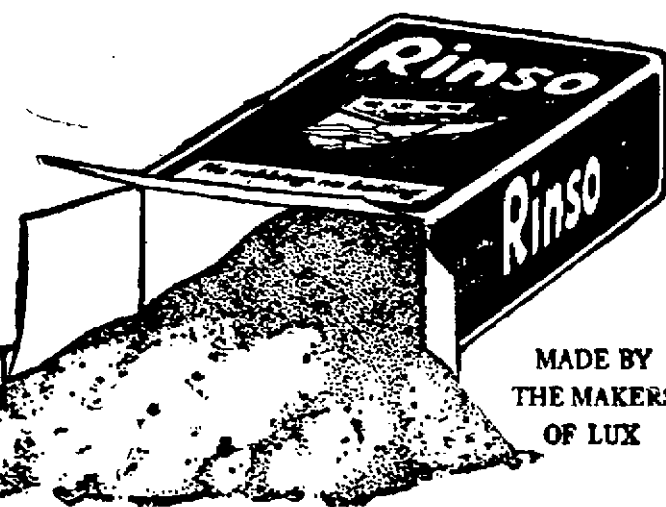

"I had a bedspread which was very dirty and thought impossible to wash it myself. Soaked it in Rinso for two hours—and it came out very, very white without any boiling or rubbing." Mrs. F. T. Guild, Malden, Mass.

No hard rubbing—no boiling

"My sheets came out beautifully white and all I did was to soak them overnight with Rinso. No rubbing at all. No boiling. No other soap." Miss M. Baldwin, New York City.

WASHINGTON, Apr. 29.—Population statistics announced today include: Carlisle, Pa., 16,636, increase 333, or 2.0 per cent over 1910. Tuscaloosa, Ala., 11,936, increase 3550, or 42.7 per cent. Valhalla, Ga., 10,753, increase 3127, or 40.8 per cent. Berwick, Pa., 12,181, increase 6524, or 127.4 per cent. Bloomington, Ind., 11,505, increase 2757, or 31.2 per cent.

ROYAL COMMISSION AGAINST DECIMAL SYSTEM OF COINAGE
IN BRITAIN

LONDON, April 29.—By a majority the royal commission which has been inquiring into the question has decided against the adoption of the decimal system of coinage by this country. "In our opinion," the majority of the commissioners say, "a large part, including the least instructed portion of the community, reckons its income in terms of shillings and pence, and we are satisfied it is idle to expect that the public would accept the disturbance created by the interference of their habits and the basis of their established notions of value by a change for which they have expressed no desire, and which will not benefit them except insofar as they keep accounts." An alteration of the established system, it is pointed out, could not be made as an experiment.

DEFINING LEGAL VOTER

No Definition in Statutes—
Secretary of State Suggests
Passage of Law

Special to The Sun
STATE HOUSE, Boston, April 29.—Despite the fact that elections have been held in Massachusetts during every one of the 140 years since the state has been formed, it develops that nowhere in its statutes is there any definition of what constitutes a legal voter.

This peculiar situation is brought to light in the annual report of the secretary of the commonwealth, in which it is recommended that some action be taken by the legislature so that the authorities will absolutely know the qualifications of a voter and act accordingly.

The secretary's office has charge of the taking of the state census. The fundamental purpose of the census is to comply with the requirements of the constitution in the matter of apportionment of representatives and senators in the legislature. But while the constitution requires a census of "legal voters" to be taken, it nowhere specifically defines the term, nor is it defined in any statute of the state.

It accordingly devolves upon the census-taking authority to determine what constitutes a "legal voter" and this has always been done by giving the most feasible interpretation to the several qualifications laid down in the constitution, the possession of which seemed to be intended by that instrument as conditions prerequisite for the exercise of the franchise.

For the foregoing reasons the secretary of state suggests that the leg-

islature pass a law defining a legal voter as follows:
"A legal voter is a native male person twenty-one years of age or over, or a foreign-born male person twenty-one years of age or over who has been naturalized either by his own act or that of his father, provided such person, either native or foreign-born, has resided in Massachusetts one year and in the city or town six months prior to the day of enumeration, and can read and write the English language and is not a pauper or under guardianship."

KOREAN WOMEN ENTER CLOTHING BUSINESS

SEOUL, Korea, April 29.—Korean women are forming an exclusively feminine corporation capitalized at 400,000 yen to buy and sell "clothing, lingerie and toilet accessories," according to an advertisement in the first issue of the new Korean daily, the Chosen Ilbo, just issued here. None of the capital stock, divided into 20,000 shares, will be sold to any man. The enterprise is regarded by many as a move toward breaking down an ancient Korean tradition.

The director and all other officials of the company, it is announced, will be women only and in addition to merchandise, the company will have a sewing department. Its aim is said to be "the promotion of the comfort of living and improvement of Korean women in economic knowledge and experience."

In Japan, cases of women successfully conducting business are not rare. The head of the Owarika bank, one of the most successful banking enterprises, was a woman who died leaving a large fortune to the cause of female education. The great Suzuki firm, which has a branch in Seoul, is likewise headed by a woman. In Seoul, it is said, the Keijo Printing House and the

MAKE SLIP COVER FOR SHABBY CHAIR

In the kitchen of her own home Sister Mary cooks daily for a family of four adults. She brought to her kitchen an understanding of the chemistry of cooking, gained from study of domestic science in a state university. Consequently the advice she offers is a happy combination of theory and practice. Every recipe she gives is her own, first tried out and served at her family table.

(Copyright, 1920, N.E.A.)

This spring if a big chair looks shabby and needs reupholstering and most of the housekeeping allowance seems to be going for food just make up your mind to make a slipcover yourself.

The material for the cover isn't to be had for a song but if you can save the cost of the labor it will be quite an item.

Make a pattern of old cotton cloth that fits perfectly before cutting into the cretonne or whatever you may choose. In doing this you run no risk of wasting and spoiling good material. But the fact is that it is not a difficult task to make a slip-cover for a straight-line chair. Any woman with the desire in her being can do it.

Menu for Tomorrow

Breakfast—Compote of fruit, waffles, syrup, coffee.

Luncheon—Toasted cheese sandwich, midget pickles, pineapple bliss tea.

Dinner—Breaded veal cutlets, new potatoes, creamed peas, orange and date salad, steamed graham pudding, coffee.

My Own Recipes

As the meat course is rather light balance is given to the dinner by serving a heavier dessert. In the graham pudding several food elements are supplied. If a hard sauce is served the sugar and butter furnish energy and fuel and the pudding itself gives

bulk and ballast as well as the food values.

TOASTED CHEESE SANDWICH
1 cup grated or chopped cheese.
1 tablespoon milk.
1 egg.
Dash mustard.
Salt.
1 tablespoon butter.
Paprika.
6 triangles of toast.
Melt butter in top of double boiler. Add cheese and cook over hot water till melted, stirring to make smooth. Beat egg with milk and slowly add to cheese, stirring with a wire whisk. Season and put on toast. Put cheese between slices of toast and on top. Slip in a hot oven for four or five minutes before serving to be sure it's perfectly hot. With a chafing dish and electric toaster this may be made on the table for Sunday night supper.

PINEAPPLE BLISS
1/2 pound marshmallows.
2 cups grated pineapple and juice.
1/2 cup whipping cream.
1 tablespoon powdered sugar.
Tiny pinch of salt.
Cut marshmallows in quarters. Add to fruit and juice and let stand over night. An hour before ready to serve add cream whipped and sweetened with the pinch of salt added. Chill and serve in glasses.

CARMEN TO SURRENDER RIGHT TO STRIKE

BOSTON, April 29.—The employees of the Elevated street railway will surrender their right to strike and the company will not maintain that the law of supply and demand shall be taken into consideration in arbitrating a new working agreement between the company and the employees, according to James H. Vahey, counsel for the employees at the first session of the arbitration board at the state house yesterday. The new arrangement is to become operative May 1.

The men want a minimum wage of 55 cents an hour, an increase over the present rate of 35 cents; time and a half for overtime on Sundays and holidays and one day off in seven with pay. Seven thousand men and women are affected.

Mr. Vahey presented figures to show that the cost of living had advanced 20 per cent. in the last year. He said that all the employees want is a restoration to them of the purchasing value of the dollar of last year.

He said that \$2500 a year is the amount necessary to support a workman's family decently and the carmen need 95 cents an hour to retain the proper standard.

He declared the efficiency of the carmen has increased 50 percent, "while they do not get a living wage."

Arthur B. Huddell, labor expert, said the demands of the carmen were very conservative.

Any award made will probably be after May 1, but be retroactive to that date. The board will meet at 10 a. m. today.

THEY BELIEVED IN DOUBLE PLATOON

CLINTON, Mass., April 29.—"Betty" and "Billy" have gone back to the farm, and Clinton's fire department has returned to its motorized efficiency. An upstanding pair of browns, the

horses were the pride of the firefighters until they became the cause of their disgrace.

Black and fat from a farm in an adjoining town, they were obtained to pull the town's old fire-engine while the new motor apparatus was being repaired. The browns swept out of the engine-house to their first fire in a manner to make old firemen speak with happy reminiscence of the horse-drawn days. Then came a night alarm.

Back on the farm, "Betty" and "Billy" had been accustomed not to stir from sundown to sunrise, and no dis of fire-gong or urging by anxious firemen would move them to answer the alarm. All the fire department's split-second aids to a quick start were lost on the browns. They refused to budge, the firemen had to go to the blaze with

chemical lines, and the town folk laughed.

The firemen vowed the thing would not happen again and the horses were put through a stiff training. They went to the day fires with spirit, and the fire crew hoped they understood. But another night alarm came, and again the town laughed at their discomfort. The next day "Betty" and "Billy" went back to the farm.

After Whooping Cough—What?

This is No. 4 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

Whooping cough is the "meanest" disease that childhood is heir to. While rarely fatal in itself, except to children under two years of age, still it hangs on so long—the coughing paroxysms are so violent, preventing proper sleep and digestion—that when the disease does disappear it leaves the child weakened and run down. In addition the violent coughing racks and strains the air passages and after recovery this irritation frequently remains.

During this period of convalescence the child should be most carefully watched until full strength is restored and the air passages regain their normal tone. A prominent authority even goes so far as to say—"There is more criminal neglect in connection with whooping cough than with any other disease."

While the disease is active, Vick's VapoRub usually helps to lessen the violence of the coughing, but it is during convalescence that Vick's is most valuable.

Because Vick's acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying swallow a small bit the size of a pea.

Children's digestions are delicate—easily disturbed by too much "dosing." Vicks, therefore, is particularly recommended, since it is externally applied and so can be used often and freely without the slightest harmful effects.

Samples to new users will be sent free on request to the Vick Chemical Company, 234 Broad Street, Greensboro, N. C.

SMART SUIT WORN BY SOCIETY WOMAN AT FASHION FETE

BY CORA MOORE.

New York's Fashion Authority.
NEW YORK, April 29.—At the fashion fete, arranged for the benefit of devastated France in the Hotel Commodore ballroom, New York, and its visitors had an excellent opportunity to see just how the newest spring and summer costume models will look in real life, for they were worn by debutantes and matrons of society.

The most striking point was the use of color. The "Dress of the Nations," for example, worn by Miss Anna B. Alexandre, epitomized the dash of the American outdoor suit. It was a bluish-colored cartridge silk marked off with candy stripes of color down the swinging panel at the back, a new evolution of the cape.

TO CELEBRATE 30TH ANNIVERSARY OF FOUNDED OF HUDSON BAY CO.

WINNIPEG, Man., April 29.—One of the oldest anniversaries on the North American continent will be celebrated here in pageants beginning May 3. It is the 30th anniversary of the founding of the Hudson Bay company.

Sir Robert Kindersley, G.B.E., latest of the line of Hudson Bay company governors that began with Prince Rupert, of the house of Stuart in the Cromwellian wars, a visitor from England will take part in the pageant on the Red river here and in the subsequent street pageants which will be held successively in Edmonton, Calgary, Vancouver and Victoria.

The Red River pageant will start from the site of old Fort Garry, early capital of the company's once vast empire and about which Winnipeg grew, and pass down stream 13 miles to Lower Fort Garry. It will include Cree Indians from Hudson Bay; Swampy Creees from James Bay; Ojibways from Lake Superior; Plain Creees from northern Saskatchewan; Blackfeet, Piegan and Assinibolines from the prairies and the Rocky mountains and tribesmen from Athabasca and British Columbia.

Sir Robert and his entourage will make the trip in old-time north canoes. A flotilla of freight boats piled high with furs will trail in their wake in charge of factors and trappers in moose costumes.

When he reaches Lower Fort Garry, Governor Kindersley will seal anew the ancient friendship between the Redmen and the company by smoking the calumet of peace, a pipe, specially designed for the occasion.

The expression A-1 was first used in connection with the grading of newly-built ships.

Dizzy

If you get up in the morning feeling dizzy and weak, it usually indicates a sluggish liver, or poor digestion. Aside from its unpleasantness, this condition may become dangerous; it should be checked before your vitality becomes impaired, and you are then less able to withstand disease.

A teaspoonful of "L.F." Atwood's Medicine will stimulate the action of your digestive organs, and re-establish normal conditions. Taken regularly it will quickly restore your vitality and you will sleep soundly and awake refreshed, and clear-headed.

Powders and tablets containing Arsenic or other coal-tar derivatives tend to weaken the heart's action. The true "L.F." simply sets natural methods in action and benefits the entire system. If you have never used it send for a bottle now. Your druggist sells it for 50c a bottle, 60c a dozen. The "L.F." Medicine Co., Portland, Maine.

INDIANS COULDN'T STOP THIS PRAIRIE WAGON

LOS ANGELES, Cal., April 29.—How times do change. It isn't so very many years ago when the old prairie schooner, drawn by lumbering oxen, wended its way slowly across the desert toward the west. But the kind in which Mr. and Mrs. J. E. Tan, Pocatello, Idaho, journeyed to California is more comfortable and certainly more speedy. Rents don't bother, either, says Mr. Tan. When a city is reached, the schooner is pulled up along the road, the fire lit and in a few minutes dinner is served. This traveling apartment was made on an old truck at a cost of less than \$100.

ANNUAL EXHIBITION
DRILL AND DANCE

The 15th annual exhibition drill and dance of the O.M.U. units held in As-sociates hall last evening was well attended by friends and relatives of those taking part. The first hour was devoted to the military exhibition and dancing followed until midnight.

To open the evening the officers' training company gave an exhibition of company movements and the manual of arms. The "knock-out" drill for privates included about 40 young cadets. This event was under the command of Col. Alfred Burns, who marched them into the hall and lined them up in the center where all could see from the balcony. After two eliminations the judges decided that Private Thomas Deligan deserved first prize, a silver loving cup, was awarded to Maj. John O'Brien. Honorable mention of Sergt. Arthur Welch was

announced. The judges were Lieut. Joseph M. Reilly, Private Leith, Sergt. O'Neill and Instructor Francis E. Gargan, all former U.S.A. men. The prizes, a gold medal for the winning private and a cup to the officer, were awarded by Rev. Owen McQuaid, O.M.U.

The hall was very attractively decorated with the national colors interspersed with folds of white and yellow bunting drooped in clusters. All the chandeliers were prettily decorated with fancy boxes of vari-colored flowers and the stage was set off by white latticework entwined with greenery and bright flowers. The dance program consisted of many numbers and the large crowd present during the latter part of the evening, took full enjoyment from the occasion.

The officers of the dance were as follows: Col. Alfred A. Burns, general manager; Lieut. Col. Lester J. Robinson, assistant general manager; Maj. William Horgan, floor director; Maj.

John O'Brien, assistant floor director; Senior Captain Raymond Crowley, assistant floor director; Capt. William Dooley and Capt. John O'Connor, chief aids; Captains Daniel O'Connor, H. McQuade, James Curran, Lieut. Francis Leary, Joseph Busby, Arthur Conroy, Cornelius O'Donnell, Francis O'Dea, Francis Burns, William Maloney, Jas. Brown, Adj. Richard Thomas, aids; Military Instructor Francis Gargan, Robert Leith and Samuel O'Neill, supervising committee; Capt. John O'Connor and Capt. Daniel O'Connor, program committee.

SIX EXPLOSIONS
IN TANK HOUSE

Plant Wrecked—One Man Killed, One Injured, and Three Hurl'd 100 Feet

Three Men Risk Lives Amid Flames in Attempt to Rescue Victims

EVERETT, April 29.—One man was burned to death after being pinned under debris, another was injured and three others were thrown more than 100 feet late yesterday afternoon when the tank house at the General Electric plant in West Everett blew up. William T. Williams, single, about 30 years old, living at 45 Main street, Stoneham, a veteran of the Canadian army, is dead. Emil Pucaro, 24, single, a veteran of the world war, living at 8 Laurel street, this city, is in at the Whidden hospital. His injuries

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

are not believed to be serious, and no broken bones have been found. Joseph E. Lodge of 49 Main street, Stoneham, suffered cuts about the hand and deafness from the shock.

Marble of the quality seldom witnessed was shown by Lodge, 30 years old, brother-in-law of Williams, and with whom the latter lived; by Leroy Louis Betty of 235 Main street, this city, and Walter West of 21 Grove street, Malden.

Lodge, who was with Williams when the first explosion took place, was blown through a window of the building, landing 150 feet away.

Before he recovered from the force of the fall, Betty, an engineer on the shifter engine in the yard, who had seen the explosion, was inside the building entirely disregarding his own safety. He knew that there was great likelihood of other explosions, but never hesitated in an attempt to rescue Williams, whom he found pinned to the floor under a pile of wood and twisted iron pipes and with a steam radiator on top of him.

Single-handed and in imminent danger of being blown to pieces himself, because fire had already broken out, Betty struggled to remove the tangle of wreckage that held the injured man down.

Regaining consciousness Lodge went back into the building and rendered what assistance he could. The weight of the wreckage was too much for the men, and even when Walter West came to their assistance their work availed little.

Several heavy movable gas tanks and considerable wood was pulled away, and as they lifted the radiator and tried to pull Williams from beneath he said: "Look out for my left leg, boys, it's broken." He retained consciousness and helped his rescuers by directing the work.

Blast Out of Building Again

They had worked but a short time before a second explosion blew them out of the building again, but they returned to their task once more. The second explosion buried the injured man out of sight and is believed to have rendered him unconscious. Other explosions followed.

Directly after the first explosion, an alarm was sounded from box 321, located at the works, followed by a second alarm. The firemen were at the scene before the explosions ceased, and their work was exceedingly perilous.

There were six distinct explosions, which shook the entire city. It is reported that they were heard in Boston and as far away as the Lynn plant of the General Electric company. The force of each explosion was spent directly upward, otherwise the damage to nearby buildings would have been great. Hundreds of panes of glass in the walls of the big foundry nearby were shattered.

Following each explosion a shaft of white smoke shot directly into the air, suddenly flattening out into a puff of black smoke which made visible the flames for an instant and then dissipated, much after the fashion of fireworks. This could be seen above the house tops and people all over the city

feared the big gas tank in South Everett had blown up.

Building Is Destroyed

Nothing is left of the tank building, what wreckage there was left having been consumed by flames. The contents consisting of about 50 iron cylinders in which the gas was contained were ruined. The gas in each cylinder was compressed to a pressure of 1700 pounds per square inch. In spite of the danger, the firemen worked to reach the body of Williams, but it was a half hour before it was taken from the ruins. Asst. Chief Hatch and Hoseman A. R. Plunkard found the body burned beyond recognition.

GARDE D'HONNEUR

Garde d'Honneur of the C.M.A.C. conducted a successful whist at the C.M.A.C. hall last evening. President

Adolphe Brassard of the association acted as master of ceremonies and under his direction the program of the evening, which consisted of whist and musical numbers, was carried out in a very satisfactory manner. Those who took part in the entertainment were an orchestra, H. J. Trudel, Chas. A. Carey and the members of the garde, who gave a pleasing drill exhibition. The scores for the whist were members of the Garde St. Therese in uniform.

Charged with a statutory offense, Lawrence D. Dow and Mrs. Edie M. Andrews of Jamaica Plain, the couple recently arrested by the Billerica police at a camp near Pinehurst park, were found guilty by Judge Knight at the close of the afternoon session of the municipal court yesterday. Dow was sentenced to six months in the house of correction and Mrs. Andrews fined \$75. Both appealed and were held in \$300 for the superior court.

SUPPER AND ENTERTAINMENT

A most enjoyable supper and entertainment was given at the Highland Congregational church last evening. The supper was served under the direction of Mrs. Fred Ingham and Mrs. Albert Grant. Miss Marion Wilson had general charge of the entertainment, which embraced a one-act sketch, "The Magic Mirror," and musical selections by an orchestra composed of Miss Bernice Moody, Miss Theresa Woodward, Miss Evelyn Woodward and Everett Bixby. The event was well attended.

CHELMSFORD ATHLETIC ASSN.

The dancing party held last evening in the North Chelmsford town hall under the auspices of the Chelmsford Athletic association was a big success. The attendance was large, the decorations were splendid and the program was thoroughly enjoyed. The matrons of the evening were Mrs. John E. Emerson, Mrs. William E. Belleville, Mrs. Karl M. Perham and Mrs. V. A. McMaster. The officers of the evening who were responsible for the success of the affair were as follows: Grant MacElroy, general manager; Gerald Kennedy, floor director; George Desmarais, Morton Pickard, Leon Pickard and Fred Greenwood, aids.

SAGAMORE CAMPERS' DANCE

One of the most successful social events of the season was the annual dancing party of the Sagamore Campers, staged in Lincoln hall last evening. The music was excellent, and everyone enjoyed in full measure the program arranged by the committee in charge, which was as follows: Arthur M. Flaherty, general manager; William Ryan, assistant; Fred T. Brown, floor director; George W. Bowens, assistant; J. Joseph Finnegan, treasurer.

"PLAIN MARY"

New Champion Jersey Cow to be Proclaimed

NEW YORK, April 29.—A new champion Jersey cow will be proclaimed at the annual meeting of the American Jersey Cattle club here on June 2. It was announced today. The new champion fat producer is "Plain Mary" whose record of 1949 pounds of fat breaks the records held by "Vive la France."

A new record has been made in the yearling class by "Tulu Alpha of Ashburn," producer of 600 pounds of fat in a test begun at the age of 22 months.

Each female cow has more than 4,000,000 eggs, but the number is kept down by a host of enemies.

MRS. ERNEST CHARETTE

POLITICS NEARLY SPOIL PARTY

CHICAGO, April 28.—Women, according to Mrs. Richard A. Connell, take their politics too seriously. In the interests of harmony, Mrs. Connell invited a number of husbands and wives, whose politics were opposed to a "friendly" little party. Mrs. Connell is boosting Lowden for president; her husband is for Wood. Among her guests were supporters of Hoover, Johnson and Harding, each married pair representing, for the most part, a division of choice.

"I think I made a mistake," said Mrs. Connell, after the party. She hinted it had the makings of a battle royal, a sort of free for all fight—as far as the women were concerned. "I'm convinced now that women cannot bury petty differences as well as men, especially in politics," she said. "Factions fight too much. I think it would be better to have each faction at a separate party. It wouldn't be so hard on the nerves."

GEN. WOOD HAS LEAD OF 612 IN NEW JERSEY

NEWARK, N. J., April 29.—Major General Leonard Wood today had a lead of 612 votes over Senator Hiram W. Johnson, of California in New Jersey's preferential presidential primary, with 54 election districts still missing. The vote was: Wood 51,402; Johnson 50,790.

Seventy-four of the missing districts are in counties which have returned majorities for Wood in the incomplete returns.

The republican "big four" delegation to the Chicago convention will be Senators Walter E. Edge and Joseph E. Frelinghuysen, who are pledged to support the voters' choice, as expressed at the primary; Edward C. Stokes and William N. Runyan, pledged to support Wood.

Incomplete returns indicate that Wood will have 11 district delegates and Johnson 10. Three delegates are unemployed.

Poor circulation, inward troubles relieved by

RED PILLS

for Pale and Weak Women

MRS. ERNEST CHARETTE

RED PILLS were my mother's favorite remedy, and she did not cease recommending them to me. I gave them a trial and they relieved me of general weakness, poor circulation, inward trouble and other minor ailments. I had started to work when very young, and although I was favored with a strong constitution, the strain was too much and I was unable to keep up my work. Now that I know how easy it is for me to keep strong and well by the use of RED PILLS, I am firmly resolved that I will continue taking them regularly, and not let myself become a victim of that terrible malady, which is Anæmia.

MRS. ERNEST CHARETTE, 1 Congress St., Cohoes, N.Y.

RED PILLS are for women only. They are always sold in boxes of fifty pills, 50 cents a box, 6 boxes for \$2.50. See that the name of the "Franc American Chemical Company Limited" is on every box.

MATRIMONIAL

A double marriage took place yesterday at St. John's church, North Chelmsford, when Mr. Victor Joseph Beauregard and Miss Florence Boucher, and Mr. Leo Armand Boucher and Miss Edna Noonan, the latter of this city, were united in the bonds of matrimony, the officiating clergyman being Rev. Charles P. Heaney, the pastor. The couples acted as witnesses for each other. At the close of the ceremony a reception was held in St. John's hall and later both couples left on a honeymoon trip and upon their return they will make their home, Mr. and Mrs. Beauregard in School street, Lowell, and Mr. and Mrs. Boucher in Hanover street.

Deeds—Chadwick

Mr. Edward William Dooley and Miss Edith Ellen Chadwick were married yesterday afternoon at the parsonage of the Chelmsford Street Baptist church, the officiating clergyman being Rev. Elmer F. West. The couple were attended by Mr. Wesley Lincoln Keough and Miss M. Adelaide Thorne. They will make their home at 799 Chelmsford street.

Royal—Mullane

The marriage of Mr. Garrett G. Royal and Miss Helen A. Mullane took place yesterday afternoon at 8 o'clock at the Sacred Heart rectory, the ceremony being performed by the pastor, Rev. John P. Flynn, O.M.I. The bridesmaid was Miss Mary E. Mullane, a sister of the bride, while the best man was Mr. Patrick H. Royal, a brother of the groom. After an extended honeymoon trip the happy couple will make their home at 32 Phillips street.

Donohoe—McNulty

Mr. Thomas P. Donohoe and Miss Florence Ellen McNulty were married yesterday afternoon at the Sacred Heart rectory by Rev. John P. Flynn, O.M.I., the pastor. The witnesses were Miss Mary McNulty and Mr. Walter Donohoe.

CLEANING TEETH THAT NEVER BITE

LONDON, April 27.—The gigantic lions in Trafalgar square have their teeth thoroughly cleaned once a year. It's a sure sign of spring that attracts crowds of observers when the immense fangs are brushed. Observe the bored expression of the patient. And the dentist looks as though he were poised to leap backwards.

Surprised That Piles Entirely Disappeared

Suffered for Over 20 Years From Blind, Bleeding and Protruding Piles—Spent Hundreds of Dollars—Piles Got Worse. Miro (Internal Treatment) Completely Cures Long Standing Piles.

"For over 20 years," writes W. A. Wilmer of Erie, Pa., "I suffered and spent hundreds of dollars for doctors and patent medicines with no relief. A little over a year ago I read a notice in the paper about the wonderful Miro (Internal Treatment) and thought it was another grand fake, but finally concluded I might as well try it. Used it as directed and after taking only one bottle was astounded to find that the piles had entirely disappeared. I have been entirely free from piles for over one year now and don't know whether they will come back or not, but I'll be mighty quick to buy more should they reappear."

The Miro Internal Treatment is sold on a basis of complete satisfaction or money back. Ask Fred Howard to show you the original package—it sells lots of it.—Adv.

THOSE JOLLY AND ROVING MARINES

Sergt. Anderson, marine recruiting officer stationed in the Odd Fellows building in Middlesex street, has started to work earnestly on his campaign for "soldiers of the land, sea and air." He has received permission from the postoffice authorities to put up posters in that building and next week plans to visit the outlying towns to distribute publicity matter. His coming to Lowell already has shown results, for a number of young men have visited his office to inquire about the marine service. As there is no marine recruiting station in Lawrence, Sergt. Anderson will visit that city soon to launch a publicity campaign there.

The summer uniform of the marines is neat and natty and includes bright blue or snow white trousers.

In speaking of marine aviation, Sergt. Anderson said this morning that the large but poorly equipped flying field near Miami has been abandoned and that two smaller fields have been established and all equipment and personnel have been transferred to them from Miami. They are at Parris Island and Quantico.

Marine aviation is to furnish the air forces for the protection of naval bases outside the limits of the United States. At present there are several planes with the marines forces in Haiti and several more are en route. The warplane says there is a fine chance for those interested in aviation to receive a good education in that subject in the Marine corps.

FOR NEW PARISH HALL
Plans for the erection of a parish hall for St. Joseph's parish are progressing rapidly, and those in charge of the movement have great confidence that within a short time the necessary funds to erect a modern building will have been raised. The movement was started by St. Joseph's college alumni, the members of which have already subscribed over \$500 toward the fund.

PART OF CARRANZA'S "RING" JOINS REBELS

AGUA PRIETA, Sonora, Mexico, Apr. 22.—President Carranza's "steel ring" which it was announced from Mexico City he intended placing about revolutionary Sonora, has been broken and part of the "ring" has joined the revolution, reports to this base of operations indicated today.

In Chihuahua approximately 4000 Carranza troops had revolted, according to an estimate by General P. Elias Calles, rebel commander in the northwest at his headquarters here.

The Chihuahua situation has assured the Sonorans their state will not be invaded according to General Calles. General Calles said he expected Juarez, across the international boundary from El Paso, Tex., to join the revolt. Mexicans here called attention to a Mexican belief that "he who takes Juarez, takes Mexico."

From the heart of Mexico, in states near Mexico City, the revolution continues to grow, General Calles said, and rebels there have created a situation that forbids Carranza sending many troops north.

General Calles announced today his intention of soon leaving here for Sinaloa.

Defies Age by Using Howard's Buttermilk Cream for Complexion

This Pretty Girl Tells Druggists Not to Take Anybody's Money Unless This Wonderful New Creaming Cream Quickly Shows a Decided Improvement.

Buttermilk Cream creates beauty almost like magic. The most wonderful thing about it is the fact that whilst it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crow feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream. Carter & Sherbourne Co., Fred Howard, 137 Central St., can supply you. Manufacturers, Howard Bros. Chemical Co., Buffalo, N. Y.—Adv.

los to take personal command of troops he said were being prepared for a further march southward with the ultimate object of joining revolutionists in Guerrero for an attack on Mexico City.

MUST MAKE REPAIRS ON LOCAL BRIDGES

Commissioner Dennis A. Murphy is still having bridge troubles. Last week the Eastern Massachusetts Street Railway Co. warned the commissioner as well as Mayor Thompson that something must be done in the way of repairs on the bridge spanning the Concord river in Lawrence street in the near future or no more cars of that company would be operated over the structure. And, just to make matters interesting, the commissioner was confronted with the following letter from the Boston & Maine railroad when he arrived at his office this morning:

Dear Sir: Please refer to our letter of Jan. 10 and your answer thereof of Jan. 13, 1920, relative to the matter of repairs to the Lundberg street bridge.

Our engineer of structure has placed a three-months safety limit covering the necessary repairs to this structure.

100 TRIMMED HATS that have sold up to \$15. For this sale only, each \$7.98

You can save money if you attend this sale, for there are some real bargains in this lot of hats.

Head & Shaw THE MILLINERS,
161 Central Street

This time limit has expired and we must know at once whether you intend to make the repairs or not. Kindly favor us with a reply stating what action you intend to take in the matter.

Yours truly,
A. C. STICKNEY,
Division Engineer.

Commissioner Murphy says that repairs costing more than \$600 were made on the Lundberg street bridge last season by the street department but further repairs are necessary. Were the money available, he would favor the erection of an entirely new structure. However, he will take the matter up with the city engineer and start the work as soon as possible. He estimates that repairs on the structure would cost from \$1000 to \$1500.

The bridge is of iron construction and the railroad authorities are afraid that it may fall on their tracks below, over which run passenger trains between here and Boston.

Work will also be started in the near future on the Lawrence street bridge, Mr. Murphy says.

MATRIMONIAL

The marriage of Mr. Charles A. Noonan and Miss Marietta J. Mulvey took place April 26 at St. Peter's rectory, the ceremony being performed by Rev. Fr. Lincan. The bride wore white satin with overdress of chantilly lace, picture hat to match and carried bridal roses. The bridesmaid was a cousin of the bride, Miss May Flynn, who was attired in pink georgette with a three-quarter length and a crepe with rosebud trimmings and picture hat to match and carried Eucharist roses. The best man was a close friend of the groom, Mr. Jerry McLaughlin. At the close of the ceremony a wedding supper was served at the home of the bride's mother, Mrs. Helen Mulvey, 736 Central street, by Caterer Harvey. Mr. and Mrs. Noonan, who received numerous wedding gifts, left later on a honeymoon trip to Boston and New York and upon their return they will make their home at 734 Central street. Present at the wedding festivities were guests from Lynn, Worcester, Boston and Fall River.

Mr. FAVREAU HONORED
Urgel Favreau, president of the firm of Favreau Bros. and a popular member of Club Lafayette and other local social organizations, who next Wednesday will be united in marriage to Miss Beatrice Delisle, daughter of Ella Delisle of Merrimack street, was presented a purse of gold at a bachelor party which was held in his honor at his home, 559 Lakeview avenue, last evening. Present at the festivities were about 15 friends of the young man, who after extending him their best wishes, presented him the purse, the presentation being made in a very original address by Dr. George E. (Gus) Chase. The evening was spent most happily, musical and literary numbers being given, while a bountiful buffet luncheon was served.

Searchlights have recently been made capable of being seen nearly a hundred miles.

Housewives Here's a Way to Cut Your Egg and Butter Bill in Two

Serve Snowflake Marshmallow Creme as Dessert—Tastes Delicious—Snowy—White

Eggs and butter are expensive, but there are many ways in which a housewife can save many dollars and have even better desserts by using Snowflake Marshmallow Creme.

With cake, pies, fruits, sandwiches, candy, frosting and a hundred different ways Snowflake Marshmallow Creme, if on hand, is always ready to make every dessert a little more delicious.

Send a postal to Miss Emma Curtis, Melrose, Mass., for the free book, "Desserts of Quality." Get a can from your grocer today, use it daily and serve dainty dishes that will delight the whole family.—Adv.

Miss Curtis' Creme can be thinned and used instead of cream for coffee, on cereals, as a sauce for puddings. Or use the heavy Snowflake (without thinning) on strawberry jelly. This makes a pretty dish with the snowy cap of Creme on the red jelly and the most delicious flavor.

Has a Woman Two Natures?

FURTHER DISCUSSION
OF THE DOUBLE-NATURE QUESTION

Read This Letter, Then Tell
Us What You Think
About It

Dear Mrs. Warren:

I have been reading the discussion in the papers relative to the question of whether or not men have two natures. I believe that the woman's side of the story should be given some consideration. Don't you?

In the first place, I believe that a woman can have two natures, one inclining toward the good and the other toward evil. Under certain conditions a woman has every inducement to be good, but if that same woman were put in a totally different environment there is a very strong possibility that she would become evil.

I think that the theory which Robert Louis Stevenson has worked out in his story, "Dr. Jekyll and Mr. Hyde," can be applied to women as well as men; that is, that it is possible by the proper means to bring out the weakness of a woman's character if ordinarily she is considered virtuous, and, on the other hand if she is evil, it is possible to bring out the good side of her nature.

I wish you would let me know how you feel about this question. I know that there are plenty of arguments on either side.

Sincerely,
GEORGIANNA ROWAN.

SNAP ON, SNAP OFF, TO FRESHEN
DRESS LININGS, H.C.L.'S
LATEST FOR

NEW YORK, April 27.—Here's the latest foe of H.C.L.—the "Ever Clean" detachable lining for gowns and dresses. At least that's what its designers claim for it. This lining, which is attached by means of snaps, can be taken out for laundering or renovating or be replaced with a new one with one movement. Its supporters claim there is no longer any reason for having a soiled or worn lining in a good dress.

MOOSE INCREASE THEIR NUMBERS

The bi-monthly meeting of the Loyal Order of Moose, lodge 618, was held last evening in Odd Fellows hall in Middlesex street with a large number of members present. Dictator Ernest P. Parsons presided. As the lodge is now under the open charter, ready to receive applications for membership, the number of new members installed and the applications considered were unusually large. Thirty-one candidates were admitted to the order and 25 applications were introduced to be brought up before the order for acceptance at a future meeting. The open charter will continue for the next three months.

The business of the assembly included the consideration of plans for permanent quarters. The committee in charge of that matter made reports on its investigations. Several locations have been visited, but as yet the search has been unsuccessful. Other committees reported that the final plans for the ninth anniversary to be held in Associate hall on May 11 have been made. There has been such a demand for tickets, which are free to all, that the directors have had to order more tickets printed. The evening will be devoted to a concert including the popular fancies and hits of the musical world, given by local talent. There will be dancing from 8 to 12.

IMPORT LIQUOR INTO ONTARIO

TORONTO, Ont., April 29.—Summer residents of Ontario, whether citizens of the United States or Canada, no longer face a "dry" future. They have the right to import liquor from outside the province just the same as permanent residents, under the Ontario temperance act, according to a ruling by the provincial license commission, made public here today.

HIGH PRICE OF FLOWERS
LONDON, April 29.—So high is the price of flowers and plants that the Mayfair and Belgrave districts, whose homes are traditionally veritable bowers at this time of year, are this spring presenting a most denuded appearance.

Many women have grown bulbs in their drawing rooms but these have not sufficed to make up for the deficiency attributed to florists' high prices.

Most of the sands found on beaches and other places are the ruins of rocks which have come apart, usually by the action of water.

URGES BOTH COUNTRIES TO KEEP "HANDS OFF"

LONDON, April 23.—The United States senate's Irish resolution was brought up in the house of commons yesterday and drew several pointed questions.

Ronald McNeill, unionist for Canterbury division of Kent, asked the government if it had any official information regarding a manifesto to be issued in Washington by an organization known as the Philippines commission for independence, in which it was maintained that American belief in the principle of self-determination would be demonstrated more impressively by conceding the repeated demands made for independence by 10,500,000 inhabitants of the Philippines than by passing resolutions in the senate expressing sympathy with the cause of Irish independence, and whether, "as a mark of respect for the American senate," the house of commons would be enabled to follow the precedent set by the senate by moving a demand for self-determination.

Andrew Bonar Law, replying for the government, said he had no information on the question, which did not seem to be one in which the British government was concerned.

Numerous other questions followed, and Sir Edward Carson, the Ulster unionist leader, asked whether it was not better for each country to leave the other alone.

Mr. Bonar Law replied he thought that in other words that was his answer.

T. P. O'Connor, nationalist member for Liverpool, moved adjournment of the house yesterday to call attention to the treatment of prisoners in Wormwood Scrubbs and the threat of a strike at Liverpool.

James Sexton, labor member for St. Helen's and secretary of the national union of Dock Laborers, said the leaders of the dockers' union discounted such a strike in support of the Sinn Fein.

Sir Donald Maclean, liberal, made suggestions for the ameliorative treatment of prisoners, which Edward Shortt, the home secretary, promised to bring before the government. He added that the government had no intention of yielding to threats from the Liverpool dockers. Every consideration was being shown the prisoners, but they must be prevented from returning to Ireland to continue their evil courses.

Mr. O'Connor's motion was defeated, 117 to 52.

Riots Over Sinn Fein

LONDON, April 23.—Sinn Fein demonstrations at Wormwood Scrubbs last night led to riotous conflicts with an anti-Sinn Fein crowd. Several persons were slightly injured and two Irish priests were roughly handled. There was no response to the demonstration from inside the prison.

Five more hunger strikers were sent to the hospital yesterday.

Sell on Hunger Strike

BELFAST, April 23.—Some 200 Sinn Feiners have been on a hunger strike in the Belfast jail since last Monday, when the governor of the prison refused their demand for unconditional release. Four have been removed to the prison hospital.

The military is guarding the prison, which is surrounded by electrified barbed wire.

Dublin Mayor Released

DUBLIN, April 23.—Tom T. Kelly, lord mayor-elect of Dublin, and Sinn Fein member of parliament, who was released from the Wormwood Scrubbs prison in England because of ill-health, returned to Dublin yesterday. It is said he will not be able to take office because of the effects of his incarceration.

Kelly was unconditionally released Feb. 16 and went to the home of a friend prior to removal to a nursing home. He has been under arrest since May 25, 1916, on charges growing out of the Irish revolt of that year.

HOUSE FOR 2.75 BEER

Ordered to Third Reading by
Vote of 145 to 83—Now
Ready for Enactment

BOSTON, April 29.—The "2.75 Beer" bill was ordered to a third reading by a roll-call vote of 145 to 83 in the Massachusetts house of representatives yesterday afternoon after an extended debate. Without further discussion, the rules were suspended and the bill was passed to be engrossed on a voice vote.

Although enactment in each branch is the next step, there will be an attempt made in the senate to delay enactment by a motion to lay on the table, thus holding the bill until the United States supreme court has given an opinion on the constitutionality of the Volstead act. If enactment is not postponed the bill will go to the governor within a few days.

The bill is an initiative petition and authorizes the manufacture and sale of beer, cider and light wines containing not more than 2.75 per cent alcohol.

Opponents Call It Unlucky

The senate acted favorably on it last week. Yesterday was the first opportunity the house had to debate it. Discussion was begun shortly after 1:30 and it was agreed that a vote should be taken at 4 o'clock.

The burden of the argument of the opponents was that it was useless to pass such a measure in view of the existence of the federal prohibition amendment. Those who favored the bill urged that the legislature should carry out the will of the people as expressed by the vote at last November's election under the so-called public opinion law. At that time there was a majority throughout the state in favor of instructing representatives in the general court to pass legislation

FIFTY YEARS AGO

It was the custom of our grandparents when anything was the matter with their stomach, liver or kidneys, to take a remedy composed of the right kind of roots and herbs, and by so doing lived to a ripe old age. It is also true that the Shakers, who have always depended upon the life-giving juices of leaves, roots and herbs, are long-lived people. The roots and herbs of which SEVEN BARKS is principally composed were gathered by the Shakers for many, many years, then scientifically blended, and SEVEN BARKS has become famous as one of the most reliable remedies for indigestion, constipation, liver, kidney and stomach disorders.

Dull pains in the back, often under the shoulder blades, poor digestion, heartburns or flutterings, sour risings, yellow skin mean liver trouble, and you should take SEVEN BARKS. It will relieve you, as it will make the liver active, tone up the digestive organs and cause the bowels to act normally.

SEVEN BARKS is not a cure-all, but a very reliable remedy that will at once act on the liver, stomach and bowels, sets them to right, tones and strengthens the general health.

If you want to get the greatest efficiency out of your body, enjoy and prolong your life, take SEVEN BARKS. At druggists, 60 cents a bottle. Don't put it off; get it today.—Adv.

DO NOT NEGLECT THAT SPRING COLD

A cold that comes in the spring very often hangs on until warm weather arrives and sometimes its effects last much longer. A prolonged cold generally means a rundown and weakened system. It means that the blood is so thin that it cannot restore the system to the delicate balance we call health.

To arrest such a cold and give the body a strong defence against another cold, it is important that the blood should be built up. Just how this may be done is illustrated by the experience of Mrs. Harry Williams of No. 20 Dalton avenue, Pittsfield, Mass.

"My trouble began with a stubborn cold which developed into anemia," says Mrs. Dalton. "I was very weak and generally run down. I was pale and wanted to lie down all the time. My appetite was poor and my stomach was sour. I had no strength at all. I had medical treatment but it did not seem to help me and, after reading about Dr. Williams' Pink Pills, I gave them a trial. I noticed relief after taking the first box so I kept on and took eleven boxes in all. Now I feel strong and well, my color is good, I do not have those tired feelings and eat anything I want and enjoy it. I surely recommend Dr. Williams' Pink Pills for what they have done for me."

The booklet, "Building Up the Blood," will be sent free, if you are interested, by the Dr. Williams Medicine Co., Box 1003, Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store or by mail, postpaid, on receipt of price, 60 cents per box.—Adv.

to authorize the manufacture and sale of light wines and beers.

Those who spoke for the bill yesterday were Shuebruk of Cohasset, Abbott of Haverhill, Webster of Boxford, Jewett of Lowell, Sawyer of Ware, Crossley of Fall River, Oberlin of Haverhill, Snow of Westfield, McDonnell of Boston, Arnold of Boston, Gillett of Boston, Mitchell of Springfield, Moynihan of Boston, Mellen of Charlestown, Manning of Brockton, Cowin of Boston and Doyle of New Bedford.

The speakers against the bill were Silbert of Boston, Coolidge of Medford, Steele of Brockton, Tirrell of Weymouth, Kingman of Walpole, Baldwin of Brockton, Potter of North Adams, Brier of Boston, Wall of Worcester, Richards of Malden, Reading of Cambridge, Burr of Boston, Mendum of Woburn, Monk of Watertown, and Town of Weston.

Won't Be Intoxicating

Mr. Shuebruk, in opening for the favorable report of the committee on legal affairs, said that in case the Volstead act becomes inoperative the bill submitted by his committee will have the force of law. Mr. Shuebruk said none of the liquor which the bill permits to be sold will be intoxicating in character. The human stomach, he said, cannot hold enough of it to produce intoxication. There might be a little—estimated at 4.75 per cent beer, he declared, the "same as tea and coffee."

"If any of the 20,000 petitioners for this bill think they can get intoxicated under its provisions they will be bitterly disappointed," he declared.

Mr. Silbert, one of the dissenting members of the committee, said there is nothing in the bill to prohibit the sale of liquor over 2.75 alcohol. That he declared to be a "joker." The measure. Another "joker," he said, is that liquor can be shipped from a "wet" city to a "dry" one.

He was positive that the voters never intended their representatives should vote for a bill which would conflict with the national law and which contained "jokers." He was firm in his opinion that the voters never intended the legislation should be passed in a spirit of bravado.

Lowell Men in Favor

All the Lowell representatives, Messrs. Achin, Brennan, Berard, Corbett, Jewett and Slowe and Representative Buck of Billerica voted in favor of the bill.

The greatest depth that could be found in the Atlantic ocean was 27,356 feet.

Right Posture Clothes

There is no question about the merits of "Right Posture" clothes for boys. No better boys' clothes are made—fabrics are strictly all wool—tailoring is as good as can be put into a suit—styles are absolutely correct.

The beauty of the "Right Posture" idea is that it has none of the compelling features of a brace. It gently reminds the boy, inclined to stoop, to stand up straight and keep his shoulders back.

Ask for "Right Posture" Suits—and let us explain this special feature.

Sweet Marie Gets a Kick Out of Her Newest Role

SAN FRANCISCO, April 29.—Marie Dressler, dispenser of thrills and madcap comedy for the Universal Film Company, got the "greatest thrill of all" when she went to the Orient to film a serial based on Chinese life. She was married to Harland Tucker, leading man, aboard a ship in Yokohama harbor by a priest who was a fellow passenger, and the two honeymooned in the most romantic land on earth—the land of cherry blossoms.

Marie's new husband is the son of Judge Robert H. Tucker of Portland. He knows how to make love outside the movies, too, as the picture shows.

CLAN GRANT MEETING
A large attendance marked the regular meeting of Clan Grant, which was held last evening in Post 120, G.A.R. hall. Past Chief James MacGrandle read the report of the grand clan of Massachusetts, and an interesting talk was given on "Ulster Scotch" by Past Chief Alexander Ray. One new member was initiated and resolutions were adopted over the death of George Simpson.

Coughed So Hard He Was Ready to Die

But He Recovered Quickly and Gained 9 Pounds in 5 Weeks

Last December I caught a heavy cold, which left me with a deep-seated cough. I coughed so hard it would start the blood. I thought I was a goner, until I tried Milk's Emulsion. I used 9 bottles altogether. My cough is gone, and I have gained nine pounds in five weeks. If anyone doubts it, let them write me."—Chas. L. Walters, 147 No. 15th St., Pittsburgh, Pa.

When hundreds upon hundreds of people tell you of just such recovery, just such gains in weight, it must be worth your trying, at least. A trial costs nothing.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee. Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 50c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Sold and guaranteed by Fred Howard, 197 Central St.—Adv.

ORDERED TO VACATE
People residing in houses owned by the American Woolen Co. in Collinsville and who are not employed at the plant of the Beaver Brook mill have been notified to vacate their homes in order to make room for the employees of the company. Inasmuch as the housing problem in Dracut is about on a par with the conditions in Lowell and other places, the notice to vacate has given many of the present occupants much concern. Some of the tenants have occupied their present homes since they were built by the company when it took over the Collinsville plant.

MOTHER "HONEST DAN"

Officer Lane Refuses Reward for Return of Money Found

Just because Daniel W. Lane, the police officer stationed at city hall, is an honest man and believes in doing his duty at all times, George D. Razelos, of 24 Cabot street, is \$67 richer today than he was yesterday and his faith in human nature has been given a healthy boost.

George formerly worked in one of the local mills, but some time ago went to Lawrence where he was employed in the Pacific mills. Last Saturday he lost his position in the downriver city and came back to his first love looking for a job. The search continued without apparent success all this week until yesterday when he succeeded in finding employment with the Eastern Massachusetts Street Railway company and was on his way home late in the forenoon content that he would no longer be idle, for the new job was to start this morning.

In a purse in an inside pocket he had \$67, the sum total of his worldly possessions. He had no occasion to spend any money during the forenoon and when he reached his room he took out the purse to extract a bill of small denomination. However, the purse was not in the familiar pocket and George hurriedly dug his hands into his other pockets but in vain. "Lost" was the one big black word on the horizon for him.

He could not recall taking the purse out for any reason at any time since he left home in the morning. A search of the room where he was staying afforded no relief and he gave the money up as gone.

Scene 2: Officer Dan Lane leaves city hall about 11:30 Wednesday morning on his way to lunch. His journey takes him up Merrimack street and as he approaches Suffolk street near Osgood's drug store he sees a purse lying on the sidewalk and with the instinct of the true policeman picks it up and investigates.

With the \$67 is an identification card indicating that the purse belongs to one George D. Razelos of 100 Adams street. Mr. Lane immediately goes to that address, but in told that Mr. Razelos no longer lives there and is now in Cabot street.

A journey to Cabot street discloses the fact that Mr. Razelos is out. The officer leaves word to have him call at the city messenger's office at city hall when he returns.

Scene 3: The city messenger's office this forenoon. Razelos approaches, wondering what is in store for him and is immediately introduced by City Messenger Owen Monahan to Officer Lane. A few questions on the part of the latter proves Razelos the person who lost the money and without further ado the missing purse is turned over.

Razelos is overwhelmed with joy at first and then realizes that the man in blue has done him a very great favor.

"You are one man in a thousand," he says in broken English, but the appreciation in his eyes compensates for any lack of polished diction. "I want you to have a reward."

But Dan refuses obstinately and Razelos finally goes away showering benediction in native Greek on the officer. In the meantime, he has lost half a day's work with the street railway company, but what's that compared to \$67?

SIGNS OF THE TIMES

JOHN P. CURLEY DIED THIS MORNING

John P. Curley, a well known and leading business man of this city, died this morning at his home, 15 Varney street, after a protracted illness. Deceased had been a resident of Lowell for the past 20 years. Being of a quiet and retiring nature, Mr. Curley always refrained from taking a prominent part in public affairs, but he was ever interested in matters pertaining to the welfare of the city. He was a man of sterling principles, a successful merchant, an affectionate husband and father, and a devoted attendant of St. Patrick's church. He is survived by a wife, Mrs. Annie T. (Deley) Curley, four daughters, the Misses Mary M., Grace L., Esther J., Geraldine A., two nephews, Edward J. Lines and John White; two sisters, Mrs. John J. Sullivan and Mrs. Dennis J. Crowley; two brothers and three sisters in Ireland. Deceased was a member of the Holy Name society of St. Patrick's church and of the 4th degree, Knights of Columbus.

An indication of the lack of interest in the presidential primaries here Tuesday is available in the record of the number of ballots cast. Tabulation at the city clerk's office shows that only 719 democratic voters went to the polls and 2636 republicans.

Rev. A. W. Shaw, assistant rector of St. Anne's Episcopal church, was elected president of the Lowell Ministers' union at a recent meeting of that organization, taking the place of Rev. A. R. Hussey who has given his resignation as president of the union. Rev. Mr. Hussey received a vote of thanks for his faithful services.

Irving D. Kimball, formerly connected with the Saco-Lowell shops in this city and during the war an overseas secretary of the Y.M.C.A., has been decorated with a Croix de Guerre by Gen. Belle of the French army, who also read the citation for heroic service performed by the Lowell man. One of the first "Y" secretaries to go over, Mr. Kimball saw service with United States and French troops. Since the armistice he has done rehabilitation work in Czechoslovakia. He returned home about a year ago, but soon went back, this time to Prague, where he is at the head of Y.M.C.A. work.

TO DECIDE THE OVERALL QUESTION

Whether Lowell's letter carriers will join the ranks of General Overall and perform their summer duties dressed in gray denim instead of the expensive uniforms now in vogue will be decided upon at the regular meeting of the mail men to be held Saturday evening.

Postmaster General Burleson has decreed that letter carriers may, if the majority should so desire, become members of the overall brigade, and many members of the local force are said to be emphatically in favor of the move. Should the majority of the carriers signify their wish to don the denim at the coming meeting, Lowell carriers will no more appear at one's doorsteps in their present natty uniforms—which retail at about \$10—but instead will come in gray "olive."

There are nearly 500,000 Indians in the United States, 150,000 in the British possessions, 1,000,000 in Central America and 4,000,000 in Mexico.

FINED FOR MAINTAINING GAMING NUISANCE

James F. Daley, proprietor of a Lawrence street poolroom, was fined \$100 in police court today on a charge of maintaining a gaming nuisance. The case resulted from a raid on the poolroom, made by the police a few days ago, in which Daley and 17 young men were arrested on charges of "shooting crap." The 17 pleaded guilty in court the following day and were assessed \$3 each. Daley pleaded not guilty and was granted a continuance until today.

For Non-Support

"I can't afford to pay anything. You'll not pay—you'll go," answered the court.

But Joe's mother took a hand in the case and assured Judge Enright that she'd be satisfied to give him another chance. So they suspended the sentence for one month.

Then there was also William, another brother.

William, who earns \$21 a week, said that he couldn't afford to contribute anything either. He also drew down a suspended sentence to the house of correction and allowed that perhaps he could "come through" after all.

The other members of the family present convinced the court that they

were doing their utmost to add to their mother's income, and had their cases continued.

Other Offenders

Charged with stealing \$245 from his employer, Arthur Isabel, a local baker, was arraigned on continuance and the case recontinued for hearing May 5. The employer is Alex Korgios, a local baker, and the alleged theft occurred April 5.

Joseph Delanis, convicted yesterday of assault and battery on a Billerica man, was called on continuance and fined \$20.

Striking Gamblers Lose Their Jobs

AGUA PRETA, Sonora, April 29.—American gamblers here who went on strike for higher pay have lost their jobs, as have the Chinese "strike breakers" who took their places as dealers at the gambling tables. All gambling will be stopped after today, under orders of Governor De la Huerta, supreme commander of the "liberal constitutional" army. General L. Elias Casas, military commander of the revolutionary troops in northwest Mexico has announced. The American gamblers were paid \$10 a day and demanded an additional \$5. Their efforts to organize a "sympathetic strike" among the players were partly successful, it was said.

Postoffice Robbers Frightened Away

MILFORD, April 29.—Four men attempted to rob the postoffice here early today but were frightened away before they obtained anything. They made their escape so hurriedly that they left a quantity of nitroglycerine and a set of tools in the building. J. N. Curtis, who lives near the postoffice saw two men inside the building and two others standing guard outside, about 4 o'clock this morning and notified the police but the men were gone before officers arrived. No one saw them escape, but later George Sheldon of Hopdale reported that his automobile had been stolen and it is thought it may have been taken by the same gang.

"I Alone Killed Station Agent" Says Milano on Eve of Execution of Four For the Crime

DRAMA ENACTED AT SING SING

Milano Exonerates Three Pals
as Prison Officials Test
Electric Chair

Confession Rushed to Gov-
ernor and Court With Re-
quest to Stay Execution

OSSENING, N. Y., April 28.—A drama
on which hangs the fate of three men
was enacted this morning in the death-
house at Sing Sing prison.

Condemned to die in the electric
chair tonight with three companions,
Joseph Milano made a confession to
Warden Lawes in which he asserted
that he alone was responsible for the
death of Otto Fialo, a Bronx station
agent, robbed and murdered last year.

The confession made, its purpose at
once was telegraphed to Governor
Smith, while relatives and friends sped
to Albany and New York to the gov-
ernor and supreme court for a stay of
execution.

The three men condemned to die with
Milano are James Cassidy, Joseph Use-
fot and Charles McLaughlin.

It was a dramatic moment when Mi-
lano made his confession. The four
prisoners had been moved to cells near
the death chamber and had been
given their black suits. Prison offi-
cials had just tested the electric chair.

As Milano's father left the death
house after visiting his son for the
last time, the warden entered. Major
Lawes informed Milano that the gov-
ernor had refused to sign stays of
execution, that the quartet must go to
the chair tonight and that if he had
anything to say, he had best make a
clean breast of it. Milano broke down.

"Cassidy was drunk," he cried.
"Charlie is a dope and was led along.
I could do anything I wanted to do
with him."

"I got the money. The agent tried
to get it back. That's how he got
shot. I fired the shots."

"When we started out to do the job,
we met Usefot at the foot of the sub-
way stairs. We asked him to wait and
he did. He didn't know what we were
up to. Of course after we fled he had
to run."

DORMITORY FOR NORMAL SCHOOL

Lack of Dormitory Facilities
Responsible for Decrease
in Attendance

Former Principal John J.
Mahoney Addresses Ways
and Means Committee

Other Speakers Favor Bill
Providing for Appropri-
ation of \$30,000

(Special to The Sun)

STATE HOUSE, Boston, April 28.—
Lack of dormitory facilities for the
students at the Lowell Normal school
is responsible for the decrease in at-
tendance at that institution, was the
statement made by former Principal
John J. Mahoney before the senate
committee on ways and means yester-
day.

Mr. Mahoney, who is at present
head of the bureau of naturalization
and Americanization in the state de-
partment of education, appeared be-
fore the committee in support of the
bill recommended by the legislative
committee on education, providing for
the appropriation of \$30,000 for the
purchase of the estate of Col. Parker
of Lowell, adjoining the school, as a
preliminary to the erection of a dor-
mitory for the students at the school.

A dormitory is absolutely neces-
sary.

GUARDS AT MILL GATES

Ex-Service Men Register at
Legion Headquarters for
Special Duty

As a precautionary measure and in
preparation for any industrial unrest
that might be fomented locally, ex-
service men are registering daily at
the American Legion headquarters for
special guard duty at Lowell mill
gates. Bill B. Hart said today that
more than 100 men could be recruited
for such work within a few hours
should an emergency arise.

Already, it is understood, special
guards have been engaged by one of
the largest textile plants in the city.
While others have communicated with
the legion, expressing a preference
for (former-service men should a con-
dition develop which might call for
guard measures.

In addition to the warning sent out
from the district attorney's office that
extensive socialist and communist
activities are set for the first of next
month, on between the first and tenth,
some concern is evident regarding the
textile situation in the nearby city of
Lawrence, where an increased wage
demand by the operatives is under
consideration. While it is not known
what the outcome there will be, and
what effect a strike would have on
the local mills, it is felt that the dis-
turbance is so uncertain as to justify
some precautionary steps on the part
of Lowell plants.

If ex-service men are called out
for guard duty, it is probable that
side arms, at least, will be furnished
by the mill owners in each case. The
legion, itself, has no fighting or
guard equipment, other than a few
rifles used by firing squads at fune-
ral escorts. Permits to carry arms and
ammunition also would have to be ob-
tained from the city.

CLASH AT MURDER TRIAL

State Refuses to Produce
Copy of Testimony Re-
quested by Defense

Officer Says Mrs. Otterson
Said Burglar Put Knees on
Stomach to Prevent Outcry

CONCORD, N. H., April 28.—Police
Inspector John J. Lynch, of the Man-
chester police, testifying this morning
at the trial of Mrs. Marion Loyne Ot-
tersson for the murder of her brother-
in-law, Maurice, in Hooksett last No-
vember, declared that Marion told him
when he reached the Otterson home on
the night of the tragedy that she was
unable to scream when burglars en-
tered the house and overpowered her
because one intruder placed his knee
on her stomach.

Mrs. Otterson told Lynch there was
a revolver in the house in the bed-
room occupied by Maurice and she
showed him this weapon. Later, upon
the arrival of Sheriff George A. Woo-
ster and of Howard Otterson, husband
of the defendant, Howard produced a
revolver that was kept in a desk in

NEW YORK, April 28.—Federal ac-
tion to punish leaders of the strike of
railroad workers in the New York-
New Jersey district was begun in New-
ark, N. J., today, when United States
Dist. Atty. Rodine called a number of
witnesses before a grand jury to tes-

MANSLAUGHTER CHARGE IS DISMISSED

Charged with manslaughter in caus-
ing the death of five-year-old Alfred
W. Schmidt of Billerica, who was
struck and almost instantly killed by
an automobile on the Fordway bridge
in that town, March 28, Giuseppe Vala-
rose of this city, driver of the death
car, was found not guilty and dis-
charged when his case was called on
continuation before Judge Enright in
the municipal court today.

An inquest report on the fatality,
submitted by Judge Pickman at this
morning's court session, finds that the
death of the lad was not caused by the
criminal negligence of Valarose in the
operation of the machine. The boy's
death was due, according to the in-
quest report, to Schmidt running sud-
denly in front of the oncoming car as
it was about to cross the bridge. The
machine was traveling at a speed of
10 miles an hour, the report adds.

THE TIME TO PLANT 'EM

A good old farmer of a generation
past was shrewd at logic even
though his grammar was not fault-
less. Old St used to say:

"When taters is cheap, plant ta-
ters. 'Tater feller figures he won't
plant any, 'cause they're cheap, but
when time comes, taters is gold to
be 'way out of sight."

It was right, too. And now that
dollars are cheap, take our advice:
plant dollars in bank.

American Troops at El Paso
to Act if Uprising Men-

Deadline Established to Keep
People From Border—Situa-
tion in Mexico City Serious

EL PASO, Tex., April 28.—
American troops today awaited the
first sign of a rumored revolt in the
Mexican City of Juarez, opposite
here, which might threaten El Paso.

Troops were placed near the bor-
der last night and ammunition was
issued to them and to local police
who established a cordon beyond
which no civilian was permitted to
pass toward the border. The meas-
ures were to protect this city from
possible stray bullets from the Mexi-
can side.

In Juarez, loyal Carranza troops
slept on their arms. Rumors that
General J. G. Escobar and Col.
Augustin Mora at the Juarez gar-
rison had split over the revolt ques-
tion were set at rest by a joint
statement that they would remain
loyal to Carranza.

CREPE CHIFFON AFTERNOON DRESS WITH GIRDLE HAS

HAREN HORN
BY CORA MOORE
New York's Fashion Authority
NEW YORK, April 27.—Entire dresses of georgette or chiffon cloth are extremely popular for afternoon or restaurant wear. Almost invariably they are of one color with a girdle or sash to give the accent.
Virginia Harned, in "The Famous Mrs. Fair," wears a brown crepe chiffon over cream colored satin, which illustrates this mode. The skirt is caught up at the foot, harem-wise, and the bodice is draped low over a corset of chiffon and lace. It is cut kimono fashion, the back, including the back of the sleeves, being carried right on down to form the skirt.

VLADIVOSTOK DESERTED

Was Formerly One of Most Important Shipping Centers in Far East

SEATTLE, Wash., April 22.—Vladivostok, in former years one of the most important shipping centers in the Far East is as quiet as a deserted village, according to advices received today by the Pacific Steamship company, from its Vladivostok agent. All overseas steamship companies have withdrawn their vessels, he said, and only a line of Japanese tramp coasters now stop there.

These conditions are a result of the reign of the Russian "reds" who have taken over the stevedoring in Vladivostok, advanced rates to a prohibitive point, and issued an edict making it unlawful to export raw materials or selling goods to foreigners, the report said. The National City bank of New York has closed its Vladivostok branch, leaving one foreign bank in the city in addition to the permanently established Russian banks, according to the agent.

Only three vessels, except the coasting ships of the Japanese line, have arrived in Vladivostok since Jan. 1, the agent noted.

\$2,000,000 GIFT

Contribution to New World Movement of Baptists

NEW YORK, April 23.—An outright gift of \$2,000,000 and conditional pledges of an additional \$2,000,000 from the Laura Spellman Rockefeller Memorial fund to the \$100,000,000 fund being raised by the New World movement of Northern Baptists, were announced here today. Added to the personal contributions announced last night from John D. Rockefeller, Jr., the Baptists have received gifts and pledges in the last two days totalling \$6,000,000 from the Rockefeller family.

Of the Laura Spellman Rockefeller pledge, \$1,000,000 is conditional upon the raising of \$2,500,000 by the Baptists, and a second million is conditional upon the fund's reaching \$4,500,000.

PLAN FREE INSURANCE FOR SERVICE MEN

WASHINGTON, April 29 (By the Associated Press).—Republican members of the house ways and means committee virtually decided yesterday to include in their soldier relief legislation program a plan of paid-up insurance, its value to increase annually by compound interest, and on which loans

could be obtained from any postoffice. With this addition, ex-service men might elect any one of the five following plans included in the republican program:
A cash bonus of \$1.25 a day for each day of service; aid in buying city homes; aid in their education or the insurance. To popularize the last four plans, the republicans propose to allow \$1.75 a day for each day of service instead of the \$1.25 cash bonus as the basis for computing farm and home aid, loans and the amount of financial aid each man might receive in the form of educational training.
The insurance plan as such was said

by committeemen to be a "misnomer," but they declared it was the "most attractive of any of the five plans." The average period of service for world war veterans was 400 days, they said, explaining that under the insurance plan the average veteran could receive a paid-up insurance policy of \$1857, payable to him in cash at the end of 20 years, or immediately to his heirs in event of his death.
The loan value of the insurance—denoted in the legislation as "adjusted service certificates"—would not accrue until the end of the third year the plan had been in force and at that time an ex-service man, with a record of 400

days' service, would be entitled to a loan of \$551.
This would be the cash value of his "certificate" at that time at 5 per cent interest compounded annually.
Similarly, the veteran of 100 days would be entitled to paid-up, 20-year endowment insurance of \$401, with a cash-surrender, or loan value of \$137 in three years; the 200-day veteran to insurance of \$826, with a loan value of \$270; the 300-day veteran to insurance of \$1222, with a loan value of \$412, and the 500-day veteran to insurance of \$221, with a loan value of \$892.
This plan, if adopted universally by

the world war veterans, would cost the government far more than the cash bonus of \$1.25 a day, committeemen said. Estimating that 3,500,000 ex-service persons will be affected by the bill, committeemen declared that the ultimate cost of the insurance plan, if adopted at all, would be approximately \$6,000,000,000. The cash bonus, it was estimated, would cost \$1,807,000,000, if accepted at all.
MOCK REPUBLICAN NATIONAL CONVENTION TO BE HELD AT YALE MAY 12
NEW HAVEN, Conn., April 23.—A

mock republican national convention will be held by Yale undergraduates on the evening of May 12, to familiarize the student body with the political organization and mechanism of such gatherings.
A "national committee" has been named to arrange details.
The call will go out today, the business specified being that of choosing by republicans in Yale of a candidate for the presidency of the United States. Causes for delegates will be held soon, each department and dormitory to name delegates in proportion to its population.

EXILE OR TRIAL IS HIS CHOICE

GUATEMALA, April 28.—Estrada Cabrera, deposed president of the republic of Guatemala, has been given the alternative by the national assembly of standing trial for crimes said to have been committed by him, or of leaving the country forever. Safety for himself and family is guaranteed if he leaves, but thus far Cabrera declines to flee. As a result, he is virtually a prisoner of the revolutionists. He was president for 22 years.

CONGREGATIONALISTS HOLD MEETING

The Andover Association of Congregational Churches and Ministers met this afternoon at the First Congregational church in Merrimack street. The meeting was one of the two customary yearly meetings at which matters dealing with the common interest of the Congregational churches in the association were discussed, and plans proposed for the activities of the ensuing year. Consideration of the work of the churches, social activities and possibilities, and the work for the young people of the various congregations was brought before the meeting. Rev. C. J. Hawkins, pastor of the First Congregational church was host to the conference, fully 250 in number.

Rev. J. J. Keedy of North Andover was the moderator, Mr. Donald Cameron, of Lowell, was alternate, Rev. A. H. Fuller, of Ballardvale is secretary and treasurer, and Rev. A. G. Lyon, of this city is statistical secretary.

The afternoon program was as follows: Devotional service conducted by Rev. C. H. Johnson of Tyngsboro; business; records of last meeting; reports of treasurer and auditor, statistical secretary. The reports of the various committees was made by Rev. A. T. McWhorter of Lawrence on the work of the churches, by Rev. H. G. Mank of Lawrence on the advisory board, by Rev. Newman Matthews of Andover on the ministerial standing; by Rev. A. G. Lyon, of Lowell, on the work for young people, by Rev. C. J. Hawkins, of Lowell, on the social survey. An address on the Inter-Church World movement was made by Rev. H. O. Hannun, secretary, Boston, and another by Rev. W. W. Leete, D.D., secretary, Boston, on the Congregational World movement. Pastors of the different churches made reports on the Easter gatherings. Each church was entitled to five delegates besides the pastor and the superintendent of the Sunday school. All members of the churches were invited to be present and to participate in the exercises. At 6 o'clock supper was served by the ladies of the First Congregational church.

The program for the evening is as follows: Devotional service at 7 o'clock conducted by Rev. A. S. Wheelock, of Andover, and an address by Rev. C. H. Patton, D.D., secretary, A.B.C.F.M., of Boston on "The Rising Tide of Christianity in the Far East."

The committee on arrangements is as follows: Dudley L. Page, deacon with duties expiring this month; Rev. Newman Matthews, Andover, duties expiring April, 1921; Rev. Herbert G. Mank, Lawrence, duties expiring April, 1922; Rev. E. C. Bartlett, Dracut, duties expiring April, 1923, and the secretary, ex-officio.

Thinness Easily Overcome

(From "Health and Beauty.")

Further evidence is being presented almost daily that a recent compound of few chemical elements combined in a tablet with hypophosphites is in reality proving a blessing to the abnormally thin men and women, for it can be demonstrated beyond doubt that a regular course of three or four months' treatment brings an increase in weight of from 10 to 20 pounds, with a decided improvement of health and color, too. For self administration the most popular form is to be found in three grain hypophosphite tablets, obtainable in sealed packages from the best apothecary shops, with full directions.

"I desire to register my most solemn
protest against what appears to be a
conspiracy to coerce and intimidate
this board into denying railroad work-

are entitled by every consideration of
justice and fair dealing," Carter said.

"From the beginning the press has
been full of the idea that to raise the
pay of railroad men will necessitate
an immediate further advance in the
cost of living and be simply another
step in the so-called vicious circle of
rising prices. There has been so much
of this that it amounts to a conspi-

What women are saying about the new way to wash clothes—

Read how they've found that dish towels, aprons, sheets, dirty little rompers are easy to wash—if you do them this new way

I NEVER thought I'd see the day when washing clothes would be so easy!"—

"It is simply amazing how the dirt falls out of the clothes"—

"Perfectly marvelous"—

This is what women everywhere said when we called upon them to find out how they liked this new way of washing!

But read their own statements on this very page.

Then try this wonderful new way yourself. Find out how easy this dreaded household task becomes—see how soon you have your clothes flying on the line—out of the way for another week!

No hard rubbing! No boiling!

And the Rinso method is so simple. You just soak the clothes overnight or for three hours in the morning, then rinse them out until the water runs clear. No boiling is necessary—no hard rubbing on the washboard. Even

collar and cuff edges and hems need only a little rubbing between your hands.

Rinso is the new form of soap for the family washing. It comes in fine granules so rich in pure soap that they "jell" when dissolved. Rinso has no harsh, gritty substances, no hurtful cleansing agents to injure the clothes. It is so mild and pure that your clothes are as safe as with just water.

While the clothes soak, Rinso loosens all the dirt so that when you rinse them, the dirt fairly drops out of the fabric, leaving every piece spotless!

Use Rinso yourself this next Monday

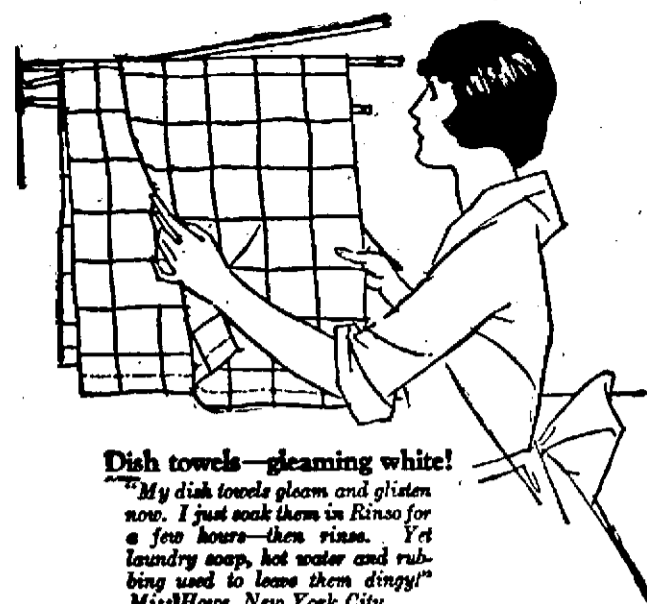

Get a package of Rinso today from your grocer and follow the easy directions on the package. Try it on the most soiled pieces you have. See if these women have been too enthusiastic. See if you don't find Rinso as wonderful for your weekly washing as you have found Lux for your fine things. Lever Bros. Co., Cambridge, Mass. (Makers of Lux).

You will find Rinso wonderful for washing all these

Aprons	Bath towels	Middy blouses	Plain table linen
House dresses	Face towels	Cotton petticoats	Sheets
Children's play clothes	Dish towels	Wash skirts	Pillow cases
Plain undermuslins	Washcloths	Men's shirts	Heavy bedspreads
Knit underwear	Handkerchiefs	Pajamas	Furniture covers
Cotton stockings	Corsets	Overalls	Bath mats

Clean and white by 9 a. m.

"I have just used Rinso on my regular week's washing, including undergarments, sheets, tablecloths, towels, dresses, and some colored things. I am delighted—this is the cleanest wash that ever came off my lines." Mary Terry, New York.

Dish towels—gleaming white!

"My dish towels gleam and glisten now. I just soak them in Rinso for a few hours—then rinse. Yet laundry soap, hot water and rubbing used to leave them dingy!" Miss House, New York City.

No rubbing—last twice as long

"My ordinary table linens came out beautifully. I soaked them overnight with Rinso, rinsed them in the morning, and was surprised to see how beautifully white they were. I did not have to rub them at all." Mrs. S. R. Finn, Cambridge, Mass.

No trouble now to do children's clothes

"Rinso means a lot to me, as I have four children. I do not have to boil the clothes now. I only rub very soiled spots lightly." Mrs. J. C. Rhodes, Montague, Mass.

Plenty of clean aprons on hand

"My maid washes uniforms and white aprons with Rinso—soaks them three hours and the dirt seems to roll right out! It certainly is wonderful how clean Rinso makes the clothes!" Mrs. L. Hedman, Boston, Mass.

No hard rubbing—no boiling

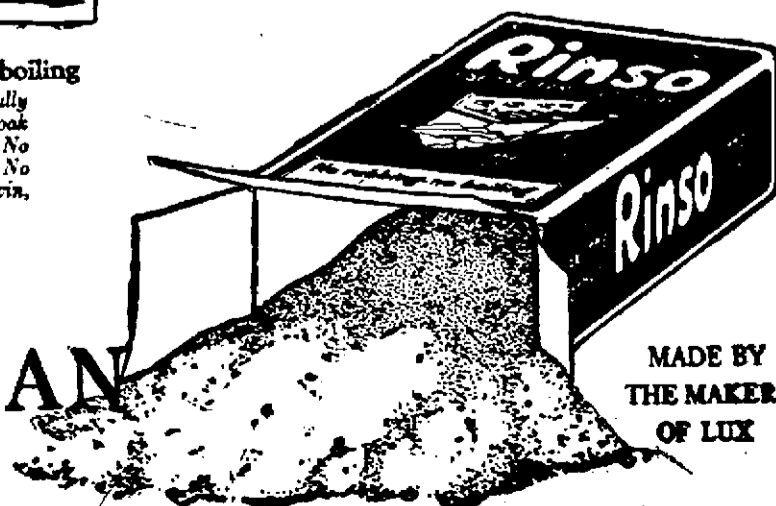

"My sheets came out beautifully white and all I did was to soak them overnight with Rinso. No rubbing at all. No boiling. No other soap." Miss M. Baldwin, New York City.

Nothing too big to wash at home

"I had a bedspread which was very dirty and thought impossible to wash it myself. Soaked it in Rinso for two hours—and it came out very, very white without any boiling or rubbing." Mrs. F. T. Guild, Malden, Mass.

ROYAL COMMISSION AGAINST DECIMAL SYSTEM OF COINAGE IN BRITAIN

LONDON, April 29.—By a majority the royal commission which has been inquiring into the question has decided against the adoption of the decimal system of coinage by this country.
"In our opinion," the majority of the commissioners say, "a large part, including the least instructed portion of the community, reckons its income in terms of shillings and pence, and we are satisfied it is idle to expect that the public would accept the disturbance created by the interference of their habits and the basis of their established notions of value by a change for which they have expressed no desire, and which will not benefit them except insofar as they keep accounts."
"An alteration of the established system, it is pointed out, could not be made as an experiment."

DEFINING LEGAL VOTER

No Definition in Statutes—
Secretary of State Suggests
Passage of Law

Special to The Sun
STATE HOUSE, Boston, April 28.—Despite the fact that elections have been held in Massachusetts during every one of the 140 years since the state has been formed, it develops that nowhere in its statutes is there any definition of what constitutes a legal voter.

This peculiar situation is brought to light in the annual report of the secretary of the commonwealth, in which it is recommended that some action be taken by the legislature so that the authorities will absolutely know the qualifications of a voter and act accordingly.

The secretary's office has charge of the taking of the state census. The fundamental purpose of the census is to comply with the requirements of the constitution in the matter of apportionment of representatives and senators in the legislature. But while the constitution requires a census of "legal voters" to be taken, it nowhere specifically defines the term, nor is it defined in any statute of the state.

It accordingly devolves upon the census-taking authority to determine what constitutes a "legal voter" and this has always been done by giving the most feasible interpretation to the several qualifications laid down in the constitution, the possession of which seemed to be intended by that instrument as conditions prerequisite for the exercise of the franchise.

For the foregoing reasons the secretary of state suggests that the leg-

islature pass a law defining a legal voter as follows:
"A legal voter is a native male person twenty-one years of age or over; or a foreign-born male person twenty-one years of age or over who has been naturalized either by his own act or that of his father, provided such person, either native or foreign-born, has resided in Massachusetts one year and in the city or town six months prior to the day of enumeration, and can read and write the English language and is not a pauper or under guardianship."

KOREAN WOMEN ENTER CLOTHING BUSINESS

SEOUL, Korea, April 28.—Korean women are forming an exclusively feminine corporation capitalized at 400,000 yen to buy and sell "clothing, lingerie and toilet accessories," according to an advertisement in the latest issue of the new Korean daily, the Chosun Ilbo, just issued here. None of the capital stock, divided into 20,000 shares, will be sold to any man. The enterprise is regarded by many as a move toward breaking down an ancient Korean tradition.

The director and all other officials of the company, it is announced, will be women only and in addition to merchandise, the company will have a sewing department. Its aim is said to be "the promotion of the comfort of living and improvement of Korean women in economic knowledge and experience."

In Japan, cases of women successfully conducting business are not rare. The head of the Owarika bank, one of the most successful banking enterprises, was a woman who died leaving a large fortune to the cause of female education. The great Suisui firm, which has a branch in Seoul, is likewise headed by a woman. In Seoul, it is said, the Keijo Printing House and the

MAKE SLIP COVER FOR SHABBY CHAIR

In the kitchen of her own home Sister Mary cooks daily for a family of four adults. She brought to her kitchen an understanding of the chemistry of cooking, gained from study of domestic science in a state university. Consequently the advice she offers is a happy combination of theory and practice. Every recipe she gives is her own, first tried out and served at her family table.

(Copyright, 1920, N.E.A.)

This spring if a big chair looks shabby and needs repolishing and most of the housekeeping allowance seems to be going for food just make up your mind to make a slipcover yourself.

The material for the cover isn't to be had for a song but if you can save the cost of the labor it will be quite an item.

Make a pattern of old cotton cloth that fits perfectly before cutting into the cretonne or whatever you may choose. In doing this you run no risk of wasting and spoiling good material. But the fact is that it is not a difficult task to make a slip-cover for a straight-line chair. Any woman with the desire in her being can do it.

Menu for Tomorrow

Breakfast—Compo of fruit, waffles, syrup, coffee.

Luncheon—Toasted cheese sandwich, midget pickles, pineapple bliss tea.

Dinner—Breaded veal cutlets, new potatoes, creamed peas, orange and date salad, steamed graham pudding, coffee.

My Own Recipes

As the meat course is rather light balance is given to the dinner by serving a heavier dessert. In the graham pudding several food elements are supplied. If a hard sauce is served the sugar and butter furnish energy and fuel and the pudding itself gives

bulk and ballast as well as the food values.

TOASTED CHEESE SANDWICH

1 cup grated or chopped cheese.
3 tablespoons milk.
1 egg.
Dash mustard.
Salt.
1 tablespoon butter.
Paprika.
5 triangles of toast.
Melt butter in top of double boiler. Add cheese and cook over hot-water till melted, stirring to make smooth. Beat egg with milk and slowly add to cheese, stirring with a wire whisk. Season and put on toast. Put cheese between slices of toast and on top. Slip in a hot oven for four or five minutes before serving to be sure it's perfectly hot. With a chafing dish and electric toaster this may be made on the table for Sunday night supper.

PINEAPPLE BLISS

1/2 pound marshmallows.
2 cups grated pineapple and juice.
1/2 cup whipping cream.
1 tablespoon powdered sugar.
Tiny pinch of salt.
Cut marshmallows in quarters. Add to fruit and juice and let stand overnight. An hour before ready to serve add cream whipped, and sweetened with the pinch of salt added. Chill and serve in glasses.

CARMEN TO SURRENDER RIGHT TO STRIKE

BOSTON, April 28.—The employees of the Elevated street railway will surrender their right to strike and the company will not maintain that the law of supply and demand shall be taken into consideration in arbitrating a new working agreement between the company and the employees, according to James H. Vahay, counsel for the employees at the first session of the arbitration board at the state house yesterday. The new arrangement is to become operative May 1.

The men want a minimum wage of 35 cents an hour, an increase over the present rate of 33 cents; time and a half for overtime on Sundays and holidays and one day off in seven with pay. Seven thousand men and women are affected.

Mr. Vahay presented figures to show that the cost of living had advanced 20 per cent. in the last year. He said that all the employees want is a restoration to them of the purchasing value of the dollar of last year.

He said that \$2500 a year is the amount necessary to support a workman's family decently and the carmen need 35 cents an hour to retain the proper standard.

He declared the efficiency of the carmen has increased 50 percent, "while they do not get a living wage."

Arthur B. Huddell, labor expert, said the demands of the carmen were very conservative.

Any award made will probably be after May 1, but be retroactive to that date. The board will meet at 10 a. m. today.

THEY BELIEVED IN DOUBLE PLATOON

CLINTON, Mass., April 28.—"Betty" and "Billy" have gone back to the farm, and Clinton's fire department has returned to its motorized efficiency. An upstanding pair of browns, the

horses were the pride of the firefighters until they became the cause of their disgrace.

Sleek and fat from a farm in an adjoining town, they were obtained to pull the town's old fire-engine while the new motor apparatus was being repaired. The browns swept out of the engine-house to their first fire in a manner to make old firemen speak with happy reminiscence of the horse-drawn days. Then came a night alarm.

Back on the farm, "Betty" and "Billy" had been accustomed not to stir from sundown to sunrise, and no din of fire-gong or urging by anxious firemen would move them to answer the alarm. All the fire department's splintered aids to a quick start were lost on the browns. They refused to budge, the firemen had to go to the blaze with

chemical lines, and the town folks laughed.

The firemen vowed the thing would not happen again and the horses were put through a stiff training. They went to the day fires with spirit and the fire crew hoped they understood. But another night alarm came, and again the town laughed at their discomfort. The next day "Betty" and "Billy" went back to the farm.

After Whooping Cough—What?

This is No. 4 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's Vapo-Rub may be of value in this condition.

Whooping cough is the "meanest" disease that childhood is heir to. While rarely fatal in itself, except to children under two years of age, still it hangs on so long—the coughing paroxysms are so violent, preventing proper sleep and digestion—that when the disease does disappear it leaves the child weakened and run down. In addition the violent coughing racks and strains the air passages and after recovery this irritation frequently remains.

During this period of convalescence the child should be most carefully watched until full strength is restored and the air passages regain their normal tone. A prominent authority even goes so far as to say—"There is more criminal neglect in connection with whooping cough than with any other disease."

While the disease is active, Vick's VapoRub usually helps to lessen the violence of the coughing, but it is during convalescence that Vick's is most valuable. Because Vick's acts locally by stimulation thru the skin to

draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition the medicinal ingredients of Vick's are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vick's should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying swallow a small bit the size of a pea.

Children's digestions are delicate—easily disturbed by too much "dosing." Vick's, therefore, is particularly recommended, since it is externally applied and so can be used often and freely without the slightest harmful effects.

Samples to new users will be sent free on request to the Vick Chemical Company, 234 Broad Street, Greensboro, N. C.

SMART SUIT WORN BY SOCIETY WOMAN AT FASHION FETE

BY CORA MOORE.

New York's Fashion Authority.

NEW YORK, April 27.—At the fashion fete, arranged for the benefit of devastated France in the Hotel Commodore ballroom, New York, and its visitors had an excellent opportunity to see just how the newest spring and summer costume models will look in real life, for they were worn by debutantes and matrons of society.

The most striking point was the use of color. The "Dress of the Nations," for example, worn by Miss Anna B. Alexandre, epitomized the dash of the American outdoor suit. It was a biscuit-colored cartridge silk marked off with candy stripes of color down the swinging panel at the back, a new evolution of the cape.

TO CELEBRATE 25TH ANNIVERSARY OF FOUNDING OF HUDSON BAY CO.

WINNIPEG, Man., April 28.—One of the oldest anniversaries on the North American continent will be celebrated here in pageants beginning May 2. It is the 25th anniversary of the founding of the Hudson Bay company.

Sir Robert Kindersley, G.B.E., latest of the line of Hudson Bay company governors that began with Prince Rupert, of the house of Stuart in the Cromwellian wars, a visitor from England will take part in the pageant on the Red river here and in the subsequent street pageants which will be held successively in Edmonton, Calgary, Vancouver and Victoria.

The Red River pageant will start from the site of old Fort Garry, early capital of the company's once vast empire and about which Winnipeg grew, and pass down stream 15 miles to Lower Fort Garry. It will include Cree Indians from Hudson Bay; Swampy Cree from James Bay; Ojibways from Lake Superior; Plain Cree from northern Saskatchewan; Blackfeet, Piegan and Assiniboina from the prairies and the Rocky mountains and tribesmen from Athabasca and British Columbia.

Sir Robert and his entourage will make the trip in old-time north canoes. A flotilla of freight boats piled high with furs will trail in their wake in charge of factors and trappers in pioneer costumes.

When he reaches Lower Fort Garry, Governor Kindersley will seal anew the ancient friendship between the Redmen and the company by smoking the calumet of peace, a pipe, specially designed for the occasion.

The expression A-I was first used in connection with the grading of newly-built ships.

Dizzy

If you get up in the morning feeling dizzy and weak, it usually indicates a sluggish liver, or poor digestion. Aside from its unpleasantness, this condition may become dangerous; it should be checked before your vitality becomes impaired, and you are then less able to withstand disease.

A teaspoonful of "L.F." Atwood's Medicine will stimulate the action of your digestive organs, and re-establish normal conditions. Taken regularly it will quickly restore your vitality, and you will sleep soundly and awake refreshed and clear-headed.

Powders and tablets containing Acetanilid or other coal-tar derivatives tend to weaken the heart's action. The true "L.F." simply sets natural methods in action and benefits the entire system. If you have never used it send for a bottle now. Your druggist sells it for 50c a bottle, 60c a dozen. The "L.F." Medicine Co., Portland, Maine.

INDIANS COULDN'T STOP THIS PRAIRIE WAGON

LOS ANGELES, Cal., April 29.—How times do change. It isn't so very many years ago when the old prairie schooner, drawn by lumbering oxen, wended its way slowly across the desert toward the west. But the kind in which Mr. and Mrs. J. E. Tan, Pocatello, Idaho, journeyed to California is more comfortable and certainly more speedy. Rents don't bother, either, says Mr. Tan. When a city is reached, the schooner is pulled up along the road, the fire lit and in a few minutes dinner is served. This traveling apartment was made on an old truck at a cost of less than \$100.

ANNUAL EXHIBITION
DRILL AND DANCE

The 15th annual exhibition drill and dance of the O.M.U. cadets held in Association hall last evening was well attended by friends and relatives of those taking part. The first hour was devoted to the military exhibition and dancing followed until midnight.

To open the evening the officers' training company gave an exhibition of company movements and the manual of arms. The "knock-out" drill for privates included about 40 young cadets. This event was under the command of Col. Alfred Burns, who marched them into the hall and lined them up in the center where all could see from the balcony. After two eliminations the judges decided that Private Thomas Delgann deserved first prize, a silver loving cup, was awarded to Maj. John O'Brien. Honorable mention of Sergt. Arthur Welch was

announced. The judges were Lieut. Joseph M. Reilly, Private Leith, Sergt. O'Neil and Instructor Francis E. Gargan, all former U.S.A. men. The prizes, a gold medal for the winning private and a cup to the officer, were awarded by Rev. Owen McQuaid, O.M.U.

The hall was very attractively decorated with the national colors interspersed with folds of white and yellow bunting drooped in clusters. All the chandeliers were prettily decorated with fancy boxes of vari-colored flowers and the stage was set off by white lattice work entwined with greenery and bright flowers. The dance program consisted of many numbers and the large crowd present during the latter part of the evening took full enjoyment from the occasion.

The officers of the dance were as follows: Col. Alfred A. Burns, general manager; Lieut. Col. Lester J. Robinson, assistant general manager; Maj. William Morgan, floor director; Maj.

John O'Brien, assistant floor director; Senior Captain Raymond Crowley, assistant floor director; Capt. William Doolley and Capt. John O'Connor, chief aids; Captains Daniel O'Connor, H. McQuade, James Curran, Lieut. Francis Leary, Joseph Busby, Arthur Conroy, Cornelius O'Donnell, Francis O'Dea, Francis Burns, William Maloney, Jas. Brown, Adjt. Richard Thomas, aids; Military Instructor Francis Gargan, Robert Leith and Samuel O'Neil, supervising committee; Capt. John O'Connor and Capt. Daniel O'Connor, program committee.

Frank Ham, one of the United States secret service men on the White House grounds, who has been visiting in Boston, took a beef kidney back to Washington for the White House cat, beef kidneys being unobtainable at the capital.

SIX EXPLOSIONS
IN TANK HOUSE

Plant Wrecked—One Man Killed, One Injured, and Three Hurled 100 Feet

Three Men Risk Lives Amid Flames in Attempt to Rescue Victims

EVERETT, April 29.—One man was burned to death after being pinned under debris, another was injured and three others were thrown more than 100 feet late yesterday afternoon when the tank house at the General Electric plant in West Everett blew up. William T. Williams, single, about 30 years old, living at 45 Main street, Stoneham, a veteran of the Canadian army, is dead. Emil Pocaro, 24, single, a veteran of the world war, living at 8 Laurel street, this city, is at the Whidden hospital. His injuries

PIMPY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

are not believed to be serious, and no broken bones have been found. Joseph E. Lodge of 45 Main street, Stoneham, suffered cuts about the hand and deafness from the shock.

Harolam of the quality seldom witnessed was shown by Lodge, 20 years old, brother-in-law of Williams, and with whom the latter lived; by Leroy Louis Betty of 235 Main street, this city, and Walter West of 21 Grove street, Malden.

Lodge, who was with Williams when the first explosion took place, was blown through a window of the building, landing 150 feet away.

Before he recovered from the force of the fall, Betty, an engineer on the shifter engine in the yard, who had seen the explosion, was inside the building entirely disregarding his own safety. He knew that there was great likelihood of other explosions, but never hesitated in an attempt to rescue Williams, whom he found pinned to the floor under a pile of wood and twisted iron pipes and with a steam radiator on top of him.

Single-handed and in imminent danger of being blown to pieces himself, because fire had already broken out, Betty struggled to remove the tangle of wreckage that held the injured man down.

Regaining consciousness Lodge went back into the building and rendered what assistance he could. The weight of the wreckage was too much for the men, and even when Walter West came to their assistance their work availed little.

Several heavy movable gas tanks and considerable wood was pulled away, and as they lifted the radiator and tried to pull Williams from beneath he said: "Look out for my left leg, boys, it's broken." He retained consciousness and helped his rescuers by directing the work.

Blown Out of Building Again

They had worked but a short time before a second explosion blew them out of the building again, but they returned to their task once more. The second explosion buried the injured man out of sight and is believed to have rendered him unconscious. Other explosions followed.

Directly after the first explosion, an alarm was sounded from box 321, located at the works, followed by a second alarm. The firemen were at the scene before the explosions ceased, and their work was exceedingly perilous.

There were six distinct explosions, which shook the entire city. It is reported they were heard in Boston and as far away as the Lynn plant of the General Electric company. The force of each explosion was spent directly upward, otherwise the damage to nearby buildings would have been great. Hundreds of panes of glass in the walls of the big foundry nearby were shattered.

Following each explosion a shaft of white smoke shot directly into the air, suddenly flattening out into a puff of black smoke which made visible the flames for an instant and then dissipated, much after the fashion of fireworks. This could be seen above the house tops and people all over the city

feared the big gas tank in South Everett had blown up.

Building Is Destroyed

Nothing is left of the tank building, what wreckage there was left having been consumed by flames. The contents consisting of about 50 iron cylinders in which the gas was contained were ruined. The gas in each cylinder was compressed to a pressure of 1700 pounds per square inch.

In spite of the danger, the firemen worked to reach the body of Williams, but it was a half hour before it was taken from the ruins. Asst. Chief Hatch and Hoseman A. R. Pickard found the body burned beyond recognition.

GARDE D'HONNEUR

Garde d'Honneur of the C.M.A.C. conducted a successful whist at the C.M.A.C. hall last evening. President

Adolphe Brassard of the association acted as master of ceremonies and under his direction the program of the evening, which consisted of whist and musical numbers, was carried out in a very satisfactory manner. Those who took part in the entertainment were an orchestra, H. J. Trudel, Chas. A. Carey and the members of the garde, who gave a pleasing drill exhibition. The scores for the whist were members of the Garde St. Therese in uniform.

BOTH FOUND GUILTY

Charged with a statutory offense, Lawrence D. Dow and Mrs. Edie M.

Andrews of Jamaica Plain, the couple recently arrested by the Billerica police at a camp near Pinehurst park, were found guilty by Judge Enright at the close of the afternoon session of the municipal court yesterday. Dow was sentenced to six months in the house of correction and Mrs. Andrews fined \$75. Both appealed and were held in \$300 for the superior court.

SUPPER AND ENTERTAINMENT

A most enjoyable supper and entertainment was given at the Highland Congregational church last evening. The supper was served under the direction of Mrs. Fred Ingham and Mrs. Albert Grant. Miss Marion Wilson had general charge of the entertainment, which embraced a one-act sketch, "The Magic Mirror," and musical selections by an orchestra composed of Miss Bernice Moody, Miss Theresa Woodward, Miss Evelyn Woodward and Everett Dixby. The event was well attended.

CHELMSFORD ATHLETIC ASSN.

The dancing party held last evening in the North Chelmsford town hall under the auspices of the Chelmsford Athletic association was a big success. The attendance was large, the decorations were splendid and the program was thoroughly enjoyed. The matrons of the evening were Mrs. John E. Emerson, Mrs. William E. Belleville, Mrs. Karl M. Verham and Mrs. F. A. McMaster. The officers of the evening who were responsible for the success of the affair were as follows: Grant McElroy, general manager; Gerald Kennedy, floor director; George Desmarais, Morton Pickard, Leon Pickard and Fred Greenwood, aids.

SAGAMORE CAMPERS' DANCE

One of the most successful social events of the season was the annual dancing party of the Sagamore Campers, staged in Lincoln hall last evening. The music was excellent, and everyone enjoyed in full measure the program arranged by the committee in charge, which was as follows: Arthur M. Flaherty, general manager; William Ryan, assistant; Fred T. Brown, floor director; George W. Bowers, assistant; J. Joseph Finnegan, treasurer.

THOSE JOLLY AND
ROVING MARINES

Sergt. Anderson, marine recruiting officer stationed in the Odd Fellows building in Middlesex street, has started to work earnestly on his campaign for "soldiers of the land, sea and air." He has received permission from the postoffice authorities to put up posters in that building and next week plans to visit the outlying towns to distribute publicity matter. His coming to Lowell already has shown results, for a number of young men have visited his office to inquire about the marine service. As there is no marine recruiting station in Lawrence, Sergt. Anderson will visit that city soon to launch a publicity campaign there.

The summer uniform of the marines is neat and natty and includes bright blue or snow white trousers.

In speaking of marine aviation, Sergt. Anderson said this morning that the large but poorly equipped flying field near Miami has been abandoned and that two smaller fields have been established and all equipment and personnel have been transferred to them from Miami. They are at Parris Island and Quantico.

Marine aviation is to furnish the air forces for the protection of naval bases outside the limits of the United States. At present there are several planes with the marines forces in Haiti and several more at San Domingo. The sergeant says there is a fine chance for those interested in aviation to receive a good education in that subject in the Marine corps.

FOR NEW PARISH HALL

Plans for the erection of a parish hall for St. Joseph's parish are progressing rapidly, and those in charge of the movement have great confidence that within a short time the necessary funds to erect a modern building will have been raised. The movement was started by St. Joseph's college alumni, the members of which have already subscribed over \$500 toward the fund.

PART OF CARRANZA'S
"RING" JOINS REBELS

AGUA PRIETA, Sonora, Mexico, Apr. 29.—President Carranza's "steel ring" which it was announced from Mexico City he intended placing about revolutionary Sonora, has been broken and part of the "ring" has joined the revolution, reports to this base of operations indicated today.

In Chihuahua approximately 4000 Carranza troops had revolted, according to an estimate by General P. Elias Calles, rebel commander in the north-west at his headquarters here.

The Chihuahua situation has assured the Sonorans their state will not be invaded according to General Calles. General Calles said he expected Juarez, across the international boundary from El Paso, Tex., to join the revolt. Mexicans here called attention to a Mexican belief that "the who takes Juarez, takes Mexico."

From the heart of Mexico, in states near Mexico City, the revolution continues to grow, General Calles said, and rebels there have created a situation that forbids Carranza sending many troops north.

General Calles announced today his intention of soon leaving here for Sinaloa.

Defies Age by Using
Howard's Buttermilk
Cream for Complexion

This Pretty Girl Tells Druggists Not to Take Anyone's Money Unless This Delightful New Vanishing Cream Quickly Shows a Decided Improvement.

Buttermilk Cream creates beauty almost like magic. The most wonderful thing about it is the fact that whilst it turns the dull, most lifeless complexion to radiant beauty and makes red or rough hands or arms snowy white, yet there is not the slightest sign of its use after application. It actually vanishes from sight and the most heated atmosphere will not produce the least shininess or greasiness of the skin.

No matter whether you are troubled with a poor complexion, wrinkles, puffiness around the eyes, freckles, crows feet or lines around the mouth, ugly finger nails, or just a simple roughness of the face, hands or arms caused by wind or sun, you will find that any or all of these troubles will quickly disappear with the use of Howard's Buttermilk Cream. Carter & Sherburne Co., Fred Howard, 197 Central St., can supply you. Manufacturers, Howard Bros., Chemical Co., Buffalo, N. Y.—Adv.

Has a Woman
Two Natures?FURTHER DISCUSSION
OF THE DOUBLE-NATURE QUESTIONRead This Letter, Then Tell
Us What You Think
About It

Dear Mrs. Warren:

I have been reading the discussion in the papers relative to the question of whether or not men have two natures. I believe that the woman's side of the story should be given some consideration. Don't you?

In the first place, I believe that a woman can have two natures, one inclining toward the good and the other toward evil. Under certain conditions a woman has every inducement to be good, but if that same woman were put in a totally different environment there is a very strong possibility that she would become evil.

I think that the theory which Robert Louis Stevenson has worked out in his story, "Dr. Jekyll and Mr. Hyde," can be applied to women as well as men; that is, that it is possible by the proper means to bring out the weakness of a woman's character if ordinarily she is considered virtuous, and, on the other hand if she is evil, it is possible to bring out the good side of her nature.

I wish you would let me know how you feel about this question. I know that there are plenty of arguments on either side.

Sincerely,
GEORGIANNA ROWAN.MUST MAKE REPAIRS
ON LOCAL BRIDGES

Commissioner Dennis A. Murphy is still having bridge troubles. Last week the Eastern Massachusetts Street Railway Co. warned the commissioner as well as Mayor Thompson that something must be done in the way of repairs on the bridge spanning the Concord river at Lawrence street in the near future or no more cars of that company would be operated over the structure. And, just to make matters interesting, the commissioner was confronted with the following letter from the Boston & Maine railroad when he arrived at his office this morning:

Dear Sir: Please refer to our letter of Jan. 10 and your answer thereto of Jan. 13, 1920, relative to the matter of repairs to the Lundberg street bridge.

Our engineer of structure has placed a three-months' safety limit covering the necessary repairs to this structure.

Head & Shaw

THE MILLINERS,
161 Central Street

This time limit has expired and we must know at once whether you intend to make the repairs or not. Kindly favor us with a reply stating what action you intend to take in the matter.

Yours truly,

A. C. STICKNEY,

Division Engineer.

Commissioner Murphy says that repairs costing more than \$600 were made on the Lundberg street bridge last season by the street department but further repairs are necessary. Were the money available, he would favor the erection of an entirely new structure. However, he will take the matter up with the city engineer and start the work as soon as possible. He estimates that repairs on the structure would cost from \$1000 to \$1500.

The bridge is of iron construction, and the railroad authorities are afraid that it may fall on their tracks below, over which run passenger trains between here and Boston.

Work will also be started in the near future on the Lawrence street bridge, Mr. Murphy says.

MATRIMONIAL

The marriage of Mr. Charles A. Noonan and Miss Marietta J. Mulvey took place April 26 at St. Peter's rectory, the ceremony being performed by Rev. Fr. Lincum. The bride wore white satin with overtones of daintily lace, picture hat to match and carried a bouquet of roses. The bridesmaid was a cousin of the bride, Miss May Flynn, who was attired in pink georgette and a crepe with rosebud trimmings and picture hat to match and carried Killarney roses. The best man was a close friend of the groom, Mr. Jerry McLaughlin. At the close of the ceremony a wedding supper was served at the home of the bride's mother, Mrs. Helen Mulvey, 738 Central street, by Caterer Harvey. Mr. and Mrs. Noonan, who received numerous wedding gifts, left later on a honeymoon trip to Boston and New York and upon their return they will make their home at 734 Central street. Present at the wedding festivities were guests from Lynn, Worcester, Boston and Fall River.

MR. FAYREAU HONORED

Urgel Fayreau, president of the firm of Fayreau Bros. and a popular member of Club Lafayette and other local social organizations, who next Wednesday will be united in marriage to Miss Beatrice Delella, daughter of Elie Delella of Merrimack street, was presented a purse of gold at a bachelor party which was held in his honor at his home, 583 Lakeview avenue, last evening. Present at the festivities were about 75 friends of the young man, who after extending him their best wishes, presented him the purse, the presentation being made in a very original address by Dr. George E. Calise. The evening was spent most happily, musical and literary numbers being given, while a bountiful buffet luncheon was served.

Searchlights have recently been made capable of being seen nearly a hundred miles.

Housewives Here's a Way to Cut
Your Egg and Butter Bill in Two

Serve Snowflake Marshmallow Creme as Dessert—Tastes Delicious—Snowy—White

Eggs and butter are expensive, but there are many ways in which a housewife can save many dollars and have even better desserts by using

Showing Curtis' Snowflake Marshmallow Creme over cereals.

Miss Curtis' Creme can be thinned and used instead of cream for coffee, on cereals, as a sauce for puddings. Or use the heavy Snowflake (without

(hitting) on strawberry jelly. This makes a pretty dish with the snowy cap of Creme on the red jelly and the most delicious flavor.

With cake, pies, fruits, sandwiches, candy, frosting and a hundred different ways Snowflake Marshmallow Creme, if on hand, is always ready to make every dessert a little more delicious.

SNAP ON, SNAP OFF, TO FRESHEN
DRESS LININGS, M.C.L.'S
LATEST FOE

NEW YORK, April 27.—Here's the latest foe of H.C.L.—the "Ever Clean" detachable lining for gowns and dresses. At least that's what its designers claim for it. This lining, which is attached by means of snaps, can be taken out for laundering or renovating or be replaced with a new one, with one movement. Its supporters claim there is no longer any reason for having a soiled or worn lining in a good dress.

MOOSE INCREASE THEIR NUMBERS

The bi-monthly meeting of the Loyal Order of Moose, lodge 618, was held last evening in Odd Fellows hall in Middlesex street with a large number of members present. Dictator Ernest P. Parsons presided. As the lodge is now under the open charter, ready to receive applications for membership, the number of new members installed and the applications considered were unusually large. Thirty-one candidates were admitted to the order and 25 applications were introduced to be brought up before the order for acceptance at a future meeting. The open charter will continue for the next three months.

The business of the assembly included the consideration of plans for permanent quarters. The committee in charge of that matter made reports on its investigations. Several locations have been visited, but as yet the search has been unsuccessful. Other committees reported that the final plans for the ninth anniversary to be held in Associate hall on May 11 have been made. There has been such a demand for tickets, which are free to all, that the directors have had to order more tickets printed. The evening will be devoted to a concert including the popular fancies and hits of the musical world, given by local talent. There will be dancing from 9 to 12.

IMPORT LIQUOR INTO ONTARIO

TORONTO, Ont., April 29.—Summer residents of Ontario, whether citizens of the United States or Canada, no longer face a "dry" future. They have the right to import liquor from outside the province just the same as permanent residents, under the Ontario temperance act, according to a ruling by the provincial license commission, made public here today.

HIGH PRICE OF FLOWERS

LONDON, April 29.—So high is the price of flowers and plants that the Mayfair and Belgrave districts, whose homes are traditionally veritable bowers at this time of year, are this spring presenting a most denuded appearance.

Many women have grown hules in their drawing rooms but these have not sufficed to make up for the deficiency attributed to florists' high prices.

Most of the sands found on beaches and other places are the ruins of rocks which have come apart, usually by the action of water.

URGES BOTH COUNTRIES TO KEEP "HANDS OFF"

LONDON, April 29.—The United States senate's Irish resolution was brought up in the house of commons yesterday and drew several pointed questions.

Ronald McNell, unionist for Canterbury division of Kent, asked the government if it had any official information regarding a manifesto to be issued in Washington by an organization known as the Philippines commission for independence, in which it was maintained that American belief in the principle of self-determination would be demonstrated more impressively by conceding the repeated demands made for independence by 10,500,000 inhabitants of the Philippines than by passing resolutions in the senate expressing sympathy with the cause of Irish independence? and whether, "as a mark of respect for the American senate," the house of commons would be enabled to follow the precedent set by the senate by moving a resolution in support of the Philippine demand for self-determination.

Andrew Bonar Law, replying for the government, said he had no information on the question, which did not seem to be one in which the British government was concerned.

Numerous other questions followed, and Sir Edward Carson, the Ulster unionist leader, asked whether it was not better for each country to leave the other alone.

Mr. Bonar Law replied he thought that in other words that was his answer.

T. P. O'Connor, nationalist member for Liverpool, moved adjournment of the house yesterday to call attention to the treatment of prisoners in Wormwood Scrubbs and the threat of a strike at Liverpool.

James Sexton, labor member for St. Helen's and secretary of the national union of Dock Laborers, said the leaders of the dockers' union discounted such a strike in support of the Sinn Fein.

Sir Donald MacLean, liberal, made suggestions for the ameliorative treatment of prisoners, which Edward Shortt, the home secretary, promised to bring before the government. He added that the government had no intention of yielding to threats from the Liverpool dockers. Every consideration was being shown the prisoners, but they must be prevented from returning to Ireland to continue their evil courses.

Mr. O'Connor's motion was defeated, 117 to 52.

Hits Over Sinn Fein

LONDON, April 29.—Sinn Fein demonstrations at Wormwood Scrubbs last night led to riotous conflicts with an anti-Sinn Fein crowd. Several persons were slightly injured and two Irish priests were roughly handled. There was no response to the demonstration from inside the prison.

Five more hunger strikers were sent to the hospital yesterday.

Still on Hunger Strike

BELFAST, April 29.—Some 200 Sinn Fein men have been on a hunger strike in the Belfast jail since last Monday when the governor of the prison refused their demand for unconditional release. Four have been removed to the prison hospital.

The military is guarding the prison, which is surrounded by electrified barbed wire.

Dublin Mayor Released

DUBLIN, April 29.—Tom T. Kelly, lord mayor-elect of Dublin, and Sinn Fein member of parliament, who was released from the Wormwood Scrubbs prison in England because of ill-health, returned to Dublin yesterday. It is said he will not be able to take office because of the effects of his incarceration.

Kelly was unconditionally released Feb. 16 and went to the home of a friend prior to removal to a nursing home. He has been under arrest since May 25, 1916, on charges growing out of the Irish revolt of that year.

HOUSE FOR 2.75 BEER

Ordered to Third Reading by
Vote of 145 to 83—Now
Ready for Enactment

BOSTON, April 29.—The "2.75 Beer" bill was ordered to a third reading by a roll-call vote of 145 to 83 in the Massachusetts house of representatives yesterday afternoon after an extended debate. Without further discussion, the rules were suspended and the bill was passed to be engrossed on a voice vote.

Although enactment in each branch is the next step, there will be an attempt made in the senate to delay enactment by a motion to lay on the table, thus holding the bill until the United States supreme court has given an opinion on the constitutionality of the Volstead act. If enactment is not postponed the bill will go to the governor within a few days.

The bill is an initiative petition and authorizes the manufacture and sale of beer, cider and light wines containing not more than 2.75 per cent alcohol.

Opponents Call It Useless
The senate acted favorably on it last week. Yesterday was the first opportunity the house had to debate it. Discussion was begun shortly after 1.30 and it was agreed that a vote should be taken at 4 o'clock.

The burden of the argument of the opponents was that it was useless to pass such a measure in view of the existence of the federal prohibition amendment. Those who favored the bill urged that the legislature should carry out the will of the people as expressed by the vote at last November's election under the so-called public opinion law. At that time there was a majority throughout the state in favor of instructing representatives in the general court to pass legislation

FIFTY YEARS AGO

It was the custom of our grandparents when anything was the matter with their stomach, liver or kidneys, to take a remedy composed of the right kind of roots and herbs, and by so doing lived to a ripe old age. It is also true that the Shakers, who have always depended upon the life-giving juices of leaves, roots and herbs, are long-lived people. The roots and herbs of which SEVEN BARKS is principally composed were gathered by the Shakers for many, many years, then scientifically blended, and SEVEN BARKS has become famous as one of the most reliable remedies for indigestion, constipation, liver, kidney and stomach disorders.

Dull pains in the back, often under the shoulder blades, poor indigestion, heartburns or flutterings, sour risings, yellow skin mean liver troubles, and you should take SEVEN BARKS; it will relieve you, as it will make the liver active, tone up the digestive organs and cause the bowels to act normally.

SEVEN BARKS is not a cure-all, but a very reliable remedy that will at once act on the liver, stomach and bowels, sets them to right, tones and strengthens the general health.

If you want to get the greatest efficiency out of your body, enjoy and prolong your life, take SEVEN BARKS. At druggists, 60 cents a bottle. Don't out it off; get it today.—Adv.

DO NOT NEGLECT
THAT SPRING COLD

A cold that comes in the spring very often hangs on until warm weather arrives and sometimes its effects last much longer. A prolonged cold generally means a rundown and weakened system. It means that the blood is so thin that it cannot restore the system to the delicate balance we call health.

To arrest such a cold and give the body a strong defence against another cold, it is important that the blood should be built up. Just how this may be done is illustrated by the experience of Mrs. Harry Williams of No. 20 Dalton Avenue, Pittsfield, Mass.

"My trouble began with a stubborn cold which developed into anemia," says Mrs. Dalton. "I was very weak and generally run down. I was pale and wanted to lie down all the time. My appetite was poor and my stomach was sour. I had no strength at all."

"I had medical treatment but it did not seem to help me and, after reading about Dr. Williams' Pink Pills, I gave them a trial. I noticed relief after taking the first box so I kept on and took eleven boxes in all. Now I feel strong and well, my color is good. I do not have those tired feelings and eat anything I want and enjoy it. I surely recommend Dr. Williams' Pink Pills for what they have done for me."

The booklet, "Building Up the Blood" will be sent free, if you are interested, by the Dr. Williams Medicine Co., Box 1003, Schenectady, N. Y. You can get Dr. Williams' Pink Pills at the nearest drug store or by mail, postpaid, on receipt of price, 60 cents per box.—Adv.

to authorize the manufacture and sale of light wines and beers.

Those who spoke for the bill yesterday were Shuebruk of Cohasset, Abbott of Haverhill, Webster of Hoxford, Jewett of Lowell, Sawyer of Ware, Crossley of Fall River, Oberst of Haverhill, Snow of Westfield, McDonnell of Boston, Arnold of Boston, Gillen of Boston, Mitchell of Springfield, Moynihan of Boston, Mellen of Charlestown, Manning of Brockton, Cowin of Boston and Doyle of New Bedford.

The speakers against the bill were Silbert of Boston, Coolidge of Medford, Steele of Brockton, Tirrell of Weymouth, Kingman of Walpole, Baldwin of Brockton, Potter of North Adams, Brier of Boston, Wall of Worcester, Richards of Malden, Reading of Cambridge, Burr of Boston, Mendum of Woburn, Monk of Watertown, and Young of Weston.

Won't Be Intoxicating

Mr. Shuebruk, in opening for the favorable report of the committee on local affairs, said that in case the Volstead act becomes inoperative the bill submitted by his committee will have the force of law. Mr. Shuebruk said none of the liquor which the bill permits to be sold will be intoxicating in character. The human stomach, he said, cannot hold enough of it to produce intoxication. There might be a little stimulant to 2.75 per cent beer, he declared, the "same as tea and coffee."

"If any of the 20,000 petitioners for this bill think they can get intoxicated under its provisions they will be bitterly disappointed," he declared.

Mr. Silbert, one of the dissenting members of the committee, said there is nothing in the bill to prohibit the sale of liquor over 2.75 alcohol. That he declared to be a "joker" of the measure. Another "joker," he said, is that liquor can be shipped from a "wet" city to a "dry" one.

He was positive that the voters never intended their representatives should vote for a bill which would conflict with the national law and which contained "jokers." He was firm in his opinion that the voters never intended the legislation should be passed in a spirit of bravado.

Lowell Men in Favor
All the Lowell representatives, Messrs. Achin, Brennen, Berard, Corbett, Jewett and Slowey and Representative Buck of Billerica voted in favor of the bill.

The greatest depth that could be found in the Atlantic ocean was 27,266 feet.

Order for General Strike Conditional

WASH., April 29.—Orders for a general railroad strike issued on Thursday, calling for a walkout at midnight Friday, were issued conditionally and will become effective in case the General Labor Federation gives full support to the movement, it is understood. The strike order may be suspended by subsequent action by the executive committee of the Railroad Workers' union. Officials of the General Labor Federation are now discussing the question of giving support to the railroad men by calling a strike in other trades.

Decoration for Belgian King and Queen

WASHINGTON, April 29.—The decoration of the Grand Cross of the Order of the American Cross of Honor, conferred upon the king and queen of Belgium, was presented today to Ambassador de Marchienne by Thomas H. Herndon, president of the organization for transmittal to Brussels. Acceptance of the decoration and of honorary membership had been received previously. King Leopold II, uncle of the present sovereign of Belgium, was an honorary member of the society.

Strike of Seamen Ties Up Shipping

MANILA, P. I., April 28.—A strike of seamen for higher wages has tied up inter-island shipping throughout the Philippine group. Acting Governor Yeater is seeking to arbitrate differences between ship owners and the men.

ARE SERMONS INDISPENSABLE?

LONDON, April 27.—Are sermons indispensable? This is one of the questions on which a decision may be taken by the bishops of the Anglican church at their meeting in Lambeth in July.

A section of churchmen are declared to be of the opinion that the day of the sermon has passed. They hold that if a man has not the gift of preaching, it would be better for everyone that he should not preach. The "two sermons each Sunday" custom, they say, imposes a great strain on the clergy—a strain equally if not more heavily felt by the laity, who are required to listen to these effusions. The unpopularity of published volumes of sermons, once in great demand, is cited by this faction as evidence of the sermon's waning effectiveness.

LONDON, April 29.—"Pussyfoot" insurance is the term which has been applied to a rate of 10 shillings per 100 pounds sterling now being offered in the London market to cover the risk of the passing of an act of parliament within 12 months, prohibiting the sale of alcoholic liquors in England.

RHEUMATISM LEAVES YOU FOREVER
Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Pain Starts to Leave the System Within Twenty-four Hours

Every druggist in the country is authorized to say to every rheumatic sufferer that if two bottles of Allenburys, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment.

Allenbury has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.

Mr. James U. Allen, the discoverer of Allenbury, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenbury decisively conquers this worst of all diseases, and he has instructed those druggists to guarantee it in every instance.—Adv.

GEN. CALLIS ABANDONS SONORA REBELS

MEXICO CITY, April 29 (By the Associated Press).—General Miguel Samanlego, leading lieutenant of Gen. P. Elias Calles, commander of anti-government forces in northern Mexico, has abandoned the Sonora revolutionists and proffered his services to the Carranza government, according to an official statement issued late last night by Gen. Juan Barragan, chief of the presidential staff.

The statement quotes a despatch from Gen. Pablo Quiroga, chief of operations in Chihuahua, with headquarters at Camargo, stating that emissaries had been sent to him by General Samanlego, who is commanding Sonora forces defending Pulpito pass, the vital gateway from Chihuahua to Sonora.

Gen. Federico Montes, who was in charge of the presidential campaign of Ygnacio Bonillas, former Mexican ambassador to the United States and who has been under leave of absence as governor of the state of Guanajuato, is reported to have been named military commander for the states of Guanajuato, Aguas Calientes and Michoacan.

In connection with General Montes' reported withdrawal from politics, the Herald of Mexico publishes a rumor which has been current several days, that Senor Bonillas is about to withdraw his candidacy and proffer his services to the government.

Leon Salinas, who recently resigned as minister of commerce and industry for the purpose of seeking election as senator from the state of Morelos, retook the oath on Tuesday as a cabinet member and has resumed his former post.

This is considered an indication that a postponement of the presidential election, fixed for July 4, is probable.

MAKES RECORD OF VOICE FORTY MILES AWAY

LONDON, April 29.—Experiments which have been carried out here resulted in the making of a talking machine record on wax of a voice transmitted by wireless telephone, 40 miles away.

While the voice was speaking at Chelmsford in Essex county, where there is a high power instrument capable of transmitting the voice many hundreds of miles, the equipment at the receiving plant in the Strand in London, was attached to a recorder, which engraved the messages in soft wax in the same way as an ordinary talking machine disc is manufactured.

The record when produced was perfectly audible, though a trifle "patchy." With large amplifiers, the result, it is said, would have been louder though rather hoarse in its effect.

IF MOTHERS ONLY KNEW

Thousands of Children Suffer From Worms and Their Mothers Do Not Know What the Trouble Is.

Signs of worms are: Constipation, sour stomach, deranged stomach, swollen upper lip, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short dry cough, grinding of the teeth, little red spots sticking out on the tongue, starting during sleep, slow fever.

Mrs. H. N. Roberts, 802 Asylum St., Flint, Mich., used Dr. True's Elixir for her little baby girl when she was sick. Mrs. Roberts wrote to Dr. J. F. True & Co.: "My little girl is cured of her worms." And in a later letter wrote: "Baby is fine and I think it was your medicine (Dr. True's Elixir, The Family Laxative and Worm Expeller) that helped her." If your child is ill start giving Dr. True's Elixir at once. Buy Dr. True's Elixir at your dealers at once. Three sizes.—Adv.

HARDING LEADS WOOD BY 15,000 IN OHIO

COLUMBUS, O., April 29.—Senator Warren G. Harding, Ohio's "favorite son," received presidential preference endorsement at the hands of the state's republican voters Tuesday, but his campaign manager, Harry Daugherty, apparently has been defeated for delegate-at-large to the party's national convention.

On the face of unofficial returns from all but 103 of the 582 precincts in the state, the senator was leading Major General Wood by 15,156 votes. The vote stood: Harding, 125,003; Wood, 109,847.

Daugherty apparently has been defeated by William H. Boyd of Cleveland, a Wood candidate.

Three Harding delegates-at-large apparently are elected.

Indications early today were that at least 39 and possibly 42 of the state's 48 delegates to the republican national convention would be pledged to Senator Harding and the remainder to Wood.

MAYOR TO NAME MOTORCYCLE MEN

Mayor Perry D. Thompson will name three members of the police department to serve on his motorcycle squad during the coming months of the summer and fall. Three new machines have arrived at the police station, making a total of six now available for service in the department.

The machines are to be assembled at the police station so that the men who are to operate them will have an

opportunity to gain a first-hand knowledge of their parts. The three machines which were in the service of the department last year enabled the men assigned to that duty to cover extensive routes, especially on the outskirts of the city. With three additional machines, the mayor hopes to be able to cover the outskirts thoroughly.

Service with the motorcycle squad evidently appeals to the members of the department for His Honor has received a large number of applications for transfer from regular duty.
